From

THE HONORABLE MR. D. DUNCAN, M.A., D.S.C., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,
National Department,
Fort Saint George.

SIR,

I have the honour to submit plans and estimates received from the Public Works Department for adapting the old Bank Buildings at Coimbatore for the purposes of the Government Training School for Mistress.

2. The estimate amounting to Rs. 33,860 includes Rs. 15,500, the sum already paid for the purchase of the buildings, Rs. 500, the compensation proposed for a vacant private ground marked yellow in the main plan (No. 1), which is required for a court-yard and servants' quarters, Rs. 8,567, the cost of additions and improvements proposed for the main building, Rs. 8,016, the cost of providing the headmistress with free quarters, and Rs. 1,277, the cost of contingencies and petty supervision.

3. I inspected the building towards the close of June last with a Public Works Department subordinate. The vacant ground referred to opens on a new lane and is used as a latrine by the people in the neighbourhood. It is absolutely necessary to purchase this ground which will not only secure a little more space for the school, but will suppress a constant and intolerable nuisance. The building is in the heart of the native portion of the town, and the nuisance cannot, otherwise, be put a stop to.

4. The idea of providing the headmistress with free quarters must be abandoned for the present. We have not only no money for

G.O.	No.	Department.	Date.

5. I beg to request, accordingly, that sanction be accorded for the additions and improvements proposed for the main building which will cost about Rs. 9227, including supervision and contingencies, and for the purchase of the vacant ground in question at a sum not exceeding Rs. 500. An allotment of Rs. 10,000 has been recommended for the work in the list submitted with my letter No 11447, dated 6th October 1898.

6. While I was inspecting the buildings, it seemed to me to be highly expedient and even necessary that Government should purchase also the small private house to the north-west corner of the Bank Buildings. In the first place, the owner of this house is also the owner of the vacant ground already referred to and seems to be unwilling to part with the vacant ground unless his house is also purchased by Government. In the next place, the site now proposed for the latrines is very close to the recreation ground, and the only way in which the latrine may be built at a convenient distance is to acquire the house in question and to build the latrine in that corner. I beg to recommend strongly that the Collector of Coimbatore may be authorized to acquire the house and ground in question under the Land Acquisition Act. The cost will not be heavy, while a solid block of ground will be secured for the Training school.

I have the honour to be,

Sir,
