Read—the following papers :—

Despatch from the Government of India, Finance and Commerce Department (Salaries, Establishments, &c.—Medical), to the Right Honourable the Secretary of State for India, dated Calcutta, 30th March 1899, No. 91.

We have for some time past been in correspondence with Local Governments on the subject of the improvement of lunatic asylum administration. In Madras one of the means adopted with our concurrence to further this end is the encouragement of the study of mental disease by making it part of the ordinary medical course and by taking advantage of the clinical instruction available in lunatic asylums.

2. In pursuance of this scheme the Government of Madras propose that the Superintendent of the Lunatic Asylum at Madras shall be required to deliver a course of lectures on mental diseases at the Medical College and to give clinical instruction at the asylum, and that he shall be granted an allowance of Rs. 200 a month for the work. Also that the Deputy Superintendent of the Asylum shall be required to assist the Superintendent in the work of clinical instruction, with an extra allowance of Rs. 50 a month. We consider the proposal to be a good one, but in our Home Department letter of the 22nd September last, we asked the Local Government whether the additional work to be thrown on the Superintendent would be sufficient to entitle him to an allowance of Rs. 200 a month. We are satisfied from their reply of the 11th February that this is the case, and we therefore recommend the proposal for your Lordship's sanction.
