How does G.O. 2670 m. d. 6-6-99 affect the proposals about the new medical school from the financial point of view?

ab 8/7/99

In G.O. 2670 m. Govt. has promised to supply to new hospital in Black Town with medical officers free of charge. The only officer whose pay will be charged to the medical school is the Registrar with a view of the Surgeon General's proposals being approved in the 1st instruction on 150 p.m. His pay will therefore be a saving to the school. His educational allowance of Rs 100 will also be debitable to the school. Will check off the school. 2-12/99 ab 8/7/99 T. 24/7

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper—

Proceedings of the Educational Department, No. 489, dated 6th August 1898, stating, with remarks, that the charge incurred for giving clinical instruction to hospital assistants at the Lying-in Hospital should continue to be met until the establishment of a medical school at Rayapuram, and transferring to the Local and Municipal Department the question of continuing the remaining items of the Government contributions to the Ramaswami Mudaliyar's Lying-in Hospital and the Native Infirmary, Rayapuram.

O R D E R:— No. 870 A.M. Mis., dated 20th June 1899.

In its Proceedings, No. 870 M., dated 20th June 1899, dealing with the question of the opening of a new Municipal hospital in Black Town, the Government has stated that the only help it can give towards the upkeep of the new hospital is to supply medical officers free of charge. As this hospital will replace the Black Town dispensary and the Native Infirmary the contribution of Rs. 2,670 now paid by Government towards the cost of medicines supplied to the latter institution may be discontinued, when the new hospital is opened.

2. The establishment of the proposed hospital does not however affect the organization of the Ramaswami Lying-in Hospital and any reduction in the contribution paid on its account is not therefore possible at present.
