SIR,

Kap A

The sanction accorded in G.O.No 328 Educational dated 27th May 1898 for the retention of the services of the Art Instructor in the Kumbakonam College having expired on the 31st March 1899, I have the honour to request that Government will be pleased to renew the appointment for a further period of three years from 1st April 1899.

2. The Art Class continues to do good work. There were 93 pupils on the rolls on 31st March last as against 91 on the corresponding date in 1897. The Artizan pupils showed a slight increase during the year and the progress of the class as tested by the results of the Government technical examinations was very fair, seven out of 15 passing the intermediate and 10 out of 22 the elementary examination. The class has been in existence for the last eleven years or so, and the present practice of renewing the appointment of the Art Instructor from year to year has, in the opinion of the Principal, a depressing effect on the Instructor and causes no small inconvenience at the beginning of every official year by allowing his pay to fall into arrears for two or three months, till the sanction of Government is accorded.

2. The necessary provision for the charge has been made in the Educational budget estimate as well as in the budget estimate of the

Memorandum No 279. dy 2.1.99

With refrence to his letter No 5659 of the 20th May 1899 requesting that the appointment of Instructor in the Kumbakonam College may be renewed for a further period of three yrs. from the 1st April 1899 the D.P.I is requested to ascertain & report whether the Municipal Council, Kumbakonam is willing to pay the usual Contribution towards the Salary of the Instructor for these three years.

2. He is also requested also to report the exact number of artizan pupils that attended the art class during the last five years.

WDK. The Municipal Council, Kumbakonam has been paying from the year 1887 half the Salary of the Instructor viz. Rs 25.

It is found that no returns are passed in the D.P.I proposal, it appears necessary to ascertain whether the municipal council agrees to pay their Contribution for the three years proposed from 1st April 1899.

This refrence appears to be unnecessary

Why?
ahe

The D.P.I has been remarking in his applications that there were increases & decreases in the no. of artizan pupils. There was no means of checking this in office. Hence thought that information on this point would be of use, if it stood a place on record.

PDJ

Provision has been made in the current years budget but nothing is known about the Council's intention in 1900-1901 & 1901-1902. Most probably the Council will not refuse but it is submitted that to avoid any possible misunderstanding it is better to make sure about it before sanction is accorded.

Why? The Municipality should make provision in its budget if they wish to continue the grant. Before sanction is accorded
