To

The Director of Public Instruction,

Madras.

Sir,

I have the honour to forward an application for a grant for some new class rooms for the high school classes of St.Peter's College, Tanjore. A plan of the building and estimate of the cost are herewith also forwarded.

This building is a permanent structure to take the place of a temporary thatched building in which these classes have been for some time accommodated. This thatched building having become old and being out of repair, it was considered advisable to replace it by building some proper class rooms on the same site. As these were urgently required, it was necessary that the work should be gone on with at once. At the same time the land on which the building stands belonging to the Tanjore Palace Estate, it was not possible to buy it, and some delay has been caused in getting and extension of the lease on which the land is at present occupied by the college. This has at length only this month been completed, and the lease extended for another 20 years.

I regret that in these circumstances, I was unable to apply for a grant before the commencement of the work, as required by Chapter VIII, Rule 2 of the Grant-in-Aid Code; and a portion of the building, the main hall, which was necessarily required, has already been completed. The other two class rooms have however not yet been commenced.

As this building is in place of a temporary structure already in use, and was urgently required, and as no application for grant could be made until some more permanent possession of the site was secured, and as this college has never before received any Government grant for buildings, and the salary grant drawn by it is comparatively small, I

have the honour to request that in the special circumstances some allowance be made for the nonfulfilment of rule 2 and that a grant for this building may be included in the budget for the next year.

I have &c &c

SIR,

In continuation of my letter No. 6806, dated 21st June 1898, I have the honour to submit the marginally noted papers relating to the building constructed for the upper secondary department of St.Peter's College, Tanjore, and to recommend that a third grant of Rs.2200 be sanctioned, under article 2, Chapter VIII of the Grant-in-Aid Code.

2. Estimate 1
3. Valuation statement

2. The Manager's letter No.93, dated 5th November 1897, copy enclosed, explains the necessity for the new building, and also the circumstances, that prevented him from applying for aid, and from submitting the plan &c for approval, previous to the commencement of the work.
