Office of the Inspector of schools
Northern Circle,
Camp. Yellamanchilli, 16th June/97.

No D/270.

From

C.C. Flanagan Esqr., M.A.

Inspector of schools, Northern Circle.

To

The Director of Public Instruction,

Madras.

Sir,

With reference to your official memorandum No 4679

dated 1st May 1897, I have the honour to submit the enclosed letters from the Assistant Inspectors in the Circle, and to state that, at least, two more Sub-Assistant Inspectors are absolutely necessary for this circle.

2. In the year 1887-88, the four districts forming this circle were under two Inspectors of schools and fifteen Deputy Inspectors. In the following year, the inspectorate of the Presidency underwent a reorganization, by which, four districts plus Kurnool were formed into one circle, and allowed an Inspector, three Assistant Inspectors, and 13 Sub-Assistants. In the year 1894 again, the territorial jurisdictions of Inspectors and Assistant Inspectors underwent a change, and by this, the Kurnool district was removed from this circle and with it were also taken away not only the Sub-Assistants employed in it, but also one Assistant Inspector, so that the Northern Circars have, at present, one Inspector, two Assistant Inspectors and 11½ Sub-Assistants (excluding the Muhammadan Sub-Assistant), against two Inspectors, and 15 Deputy Inspectors about 10 years ago. Thus the number of officers has suffered gradual reduction. On the other hand, schools and pupils have increased by 40 and 50 percent respectively as shown below:-

1887-88		1895-96		
Schools	Pupils	Schools	Pupils.	
Ganjam. 1177	30595	1517	38084	
Vizagapatam 791	20960	1149	31495	About 160 of these being girls' schools are under separe agency
Godavari 923	26017	1464	46720	
Kistna 1314 4205	29768 107340	1858 5938	46053 162352	

This gradual reduction of officers on the one hand and increase of schools and pupils on the other, have made the work of the Sub-Assistant Inspectors enormously heavy and I have reasons to believe that the work turned out by some of the officers, as a natural result, lacks thoroughness and correctness. If two more Sub-Assistant Inspectors could be given to the circle, I would give one of them part of Ganjam and part of Vizagapatam and leave the other entirely to Kistna.

Director of Public Instruction.

CURRENT No. 1095

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 18 July 1897

No. 8016

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

vide para 2

In my reports on public instruction for the year 1896-97 and 1897-98, I brought to the notice of Government the desirability of increasing the number of Sub-Assistants in the Northern Circle in view of the undue strain which the work of the circle now involves. With a view to lessen the strain, I requested the late Mr. Flanagan in May 1897 to submit proposals for increasing the number of Sub-Assistants in the circle and for a redistribution of their ranges. His proposals are contained in the enclosed extract from his letter, No D-270, dated 16th June 1897, from which it will be seen that he then recommended the appointment of two more Sub-Assistants for the circle. These proposals were, however, owing to the then financial pressure, allowed to stand over. Since then I have been thinking over the subject and I have come to the conclusion that it would seriously retard the progress of primary education in the Northern Circars if the matter were deferred any longer.

2. The Ganjam, Vizagapatam and Godavari districts contain unhealthy tracts and the Sub-Assistants employed in these districts have in several cases been unable to work in these malarial tracts for a long time, without frequently falling ill. Besides, some of the ranges have become so heavy that even.

1897
Dept.
Enclos. No. 1
To
O. No. 1095

officers have been up the one hand and increase
This gradual r This will be evident from the details given
in the next paragraph.

3. From the report for 1897-98, it will be seen that there were 19826 public primary schools for boys at the close of the year. Assuming that about the same number is in existence at present, the number of schools distributed by circles as now constituted will be as given below:-

Northern Circle	6098
Central Circle	4844
Southern Circle	5393
Western Circle	3491
	19826

Excluding the Sub-Assistants of girls' schools but including the Sub-Assistants of Muhammadan schools, there are 14 Sub-Assistants in the Northern Circle, 15 in the Central Circle, 15 in the Southern Circle and 12 in the Western Circle. Each Sub-Assistant has therefore on an average to examine 436 schools in the Northern Circle, 323 in the Central Circle, 360 in the Southern Circle and 291 in the Western Circle, and thus the average for the Northern Circle is by far the highest. Add to this, the unhealthiness of the districts and the extreme difficulty of travelling, in the ^e remote and agency tracts the imperative necessity for giving the Sub-Assistants of the circle immediate relief will be manifest.

4. Some Sub-Assistants who have been doing very satisfactory work in the plains and who are very capable officers have, through a prolonged service in the agency tracts, become almost incapable of efficient work. Moreover, under the present arrangement one of the Sub-Assistants in the Kurnool district has work in the Kistna district and one of the Sub-Assistants of the Chingleput district is in charge of a portion of the Nellore district. This arrangement, I find from experience, is attended with considerable inconvenience and should, in the interests of the service, be discontinued.

5. In the above circumstances I beg that permission be granted for making provision in the next year's budget

two additional Sub-Assistants in the Probationary grade (Rs. 75) with the necessary establishment, contingencies and travelling allowance. With this addition, the average number of schools to be examined by each Sub-Assistant in the Northern Circle will be 381 which is still above the average in any of the other circles. The redistribution of the Sub-Assistants' ranges will be made after receipt of formal sanction.

I have the honour to be,

Sir,

Your most obedient servant,

J. G. Srinivasan

Director of Public Instruction.

Again G.O., No. , dated 189 .
Current No. 1095 of 1899, dated 18th July from the D.D.
Current No. of 189 , dated from the

SUBJECT.

Appointment of 2 additional
Sub Assistant Inspectors of schools in the
Northern Circle.

FOR ORDERS.

The D.D. requests permission to provide in the next year's budget for two additional Sub Assistant Inspectors of schools in the Northern Circle. The proposal involves an establishment charge of about Rs 192 per annum or Rs 2304 per annum, including contingent and travelling charges, as shown below:-

2 Sub Assistants on Rs 75 each	150
2 Clerks on Rs 15 each	30
2 Peons on Rs 6 each	12

192 p.a.
or Rs 2304 p.a.

2. At the reorganization of 1887, the strength of the Sub Assistant Inspectors was fixed at 5, 5 of them being for girls schools. Since then 2 have been added for Muhammadan, 1 for Mappilla & 1 for girls' schools. There are thus at present 5 Sub Assistants including

Para 2 of G.O. No 542 of 29th Sept 1887 - Flag A.

Para 34 of the report on Public Instruction for 1889-90 & para 28 of that for 1896-97.

those for girls schools. At the close of 1886-87 there were 13,358 public primary schools for boys with 383,210 pupils. These numbers have now increased to 19,826 + 581,371 respectively.

Submitted that the permission applied for may be granted, the additional expenditure to be ultimately sanctioned if funds permit.

at 10/99. The additional Establishment appears to be very necessary and it is only a question of funds - The Director might be told that he may budget for this increased establishment which will be sanctioned if funds are available.
