GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

From Diwan Bahadur V. KRISHNAMA CHARIAR Avergal, Registrar of Books, Madras, to the Director of Public Instruction, dated 16th August 1899, No. 263.

In forwarding for submission to Government the accompanying printed copies of the Catalogue of publications received for registration during the second quarter of 1899, I have the honour to report that less activity has been shown by the printing and publishing trade than during the first quarter of the year.

2. The number of works received for registration from various parts of the Presidency during the quarter is 251 in all; of these 191 may be classified as books and 60 as periodicals.

3. Distributing the registered collection according to their languages, English publications count 67, Tamil 52, Telugu 75, Malayalam 11, Canarese 13, Tulu 1, Uriya 1, Hindustani-Malayalam-English 1, Sanskrit including those published in Grandha and Nagari characters 30.

4. More than 20 per cent. of the total number registered are school manuals, keys and guides and the like intended solely for educational purposes. One of the most useful contributions to the bi-lingual literature of this class is the Kanarese-English School Dictionary by the Rev. Dr. Kittel, which forms a worthy companion to the previously-published English-Kanarese work of the Rev. F. Ziegler.

5. Brief remarks on the subject-matter of most of the registered publications are, as usual, entered in the last column of the catalogue.

6. The statement also in print herewith appended gives the extract of entries of copyright registration respecting 60 works, whose proprietors have registered their copyright paying the prescribed fee, excepting in the case of the Malayalam version of the Indian Kindergarten, Part I, registered free of charge, being a publication of the Education Department of Government. The last entry in this extract refers to a puranic work belonging to the previous quarter's collection, but whose copyright has only been sought and registered during the second quarter of 1899.
