OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 25th January 1899.

No. 950

From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,

Educational Department,

Port Saint George.

SIR,

With reference to paragraph 1 of G.O.No 538 Edl, dated 25th August 1898, I have the honour to report that arrangements have been made for the admission of two candidates into the workshops of the College of Engineering for being trained as industrial instructors under the provisions of Article XI (6) of the Rules of the College. Before nominating the other two candidates, the Professor of Engineering states that he has received applications from certain students of the B.A. classes of the Presidency College, who are desirous of undergoing a three-year workshop course at the College of Engineering, on passing the B.A. degree Examination in February next, in view to qualifying themselves for Superintendentships of technical schools, and he strongly recommends that two of them be apprenticed to the workshops on an initial stipend of Rs. 6 per mensem, to be raised to Rs. 15 after six months' probation, in consideration of their high general educational qualification, and that the condition in regard to the preliminary technical qualification be dispensed with. The acting Principal also supports the proposal. In view of the small number of qualified candidates able to preside over technical institutions in this Presidency, I beg to request that the above proposal be sanctioned, as an experimental measure, at an early date.

2. The extra charge can be met from the budget provision for Government scholarships in "special schools other than training schools."

I have the honour to be,

sir,

Your most obedient servant,

E. G. G. G.

Director of Public Instruction.
