From

The Honourable Mr. D. Duncan, M.A., D.Sc., L.L.D.,
Director of Public Instruction,

Madras.

To

The Secretary to Government,

Educational Department,

Fort Saint George.

Sir,

I have the honour to request that you will be good enough to obtain the early sanction of Government to the appointment, on an honorarium of Rs. 700, of a Lecturer on Botany to the Chemist and Druggist Class of the Medical College during the current session, which opened on the 1st instant.

2. The necessity for the above appointment is explained by the fact that the new scheme sanctioned for the class in G.O. No. 491, Educational, dated 9th August 1898 prescribes a course of Botany among other subjects during the first year of training, and that at present a candidate has sought admission to be trained as a Chemist and Druggist.

3. The Principal, Medical College, recommends the appointment of Captain R. Hollingsworth, I.S.M.D., the Assistant to the Professor of Materia Medica, to the lectureship, which he has held with credit for several years, and I shall submit a minute of appointment in his favour on receipt of the orders of Government on this ~~recommendation~~ communication.

4. The extra charge involved by this proposal will be met from the lump provision of Rs. 7000 for "new sanctions" under "Medical College" in the civil budget estimate for the current year.

I have the honour to be,

Sir,

Your most obedient servant,

D. Duncan

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 6th September 1899.

No. 10074

From

THE HONOURABLE MR. D. DUNCAN, M.A., D.S.C., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

With reference to the memorandum of the Educational Department, No 379, dated 4th August 1899, I have the honour to state, in consultation with the Principals of the Presidency and Medical Colleges, that it is not practicable for the Chemist and druggist student referred to, to utilize the instruction in Botany at the Presidency College.

2. In the first place, the course in Botany at the Presidency College lasts for two years and is of a totally different nature to that outlined in the syllabus for the Chemist and druggist class, which is of an elementary character and has special reference to the Botany of the Materia Medica of the British Pharmacopœia. In the next place, the Botany class at the Presidency College meets on three days a week from 12-1 and 2-4, during which hours the Chemist and druggist student will have to attend the class of Chemistry at the Medical College, and it is not practicable to alter the time table of the whole college to suit the interests of a single student. In these circumstances I beg to request the early sanction of Government to the proposal contained in my letter, No. 3118, dated 20th July last. The arrangement is a costly one for a single student, but I do not see how it can be helped, if the student is to be permitted

to

continue his studies for the diploma.

I have the honour to be,

Sir,

Your most obedient servant,

J. G. Duran

Director of Public Instruction.

Educational DEPARTMENT.

C. No. 1106 of 99

SUBJECT.

Lecture ship in Botany at the
Medical College

FOR ORDERS.

A

Page 12 of the G.O.

In G.O. no. 491 of the 9th
August 1898. the Govt sanctioned
a scheme for the reorganization
of the Chemist and Druggist Class
in the Medical College and it
came into force during the current
year. According to this scheme
the Chemist and Druggist students
should take a course of Botany
consisting of not less than 40
meetings during the winter
session in the first year^{of their training}. The
D.P.I. states that at present a candi-
date has sought admission to be
trained as a Chemist and Druggist
and that it has thus become ne-
cessary to appoint a Lecturer on
Botany to the Chemist and Druggist
Class. He proposes to attach an

an honorarium of Rs 700 to the lecturer -
ship and solicits the early sanction
of Govt therefor.

He further proposes that Captain
R. Hollingsworth, A.Gitt to the Professor
of Materia Medica be appointed to
the lectureship.

The D.P.I does not explain ~~it~~
why he failed to point out when
submitting the scheme for the re-
organization of the Chemist and
Druggist class that it involved
the creation of a lectureship in
Botany. ~~and a step was taken~~
~~to create of the~~
~~appointments~~. Nor has it been
explained why Captain Hollings-
worth or some other officer whose
duty it is to lecture to the Chemist
and Druggist class should not
give the necessary lectures in
Botany.

Further it is submitted that
the proposed honorarium of Rs 700
appears to be very high. It is true
that an honorarium of Rs 700 was
paid to Capt. Hollingsworth for
lecturing on Botany to the M.B. &

He should have
RT

GO 17 Ed. & 11-1-98. B

C. M. students but they were
College students of high general
education and were required to
possess a wider knowledge of
Botany - The case of chemist and
druggist students ~~are~~ is quite
different.

The accountant General may be asked
whether the sanction conveyed in the Secretary
Gtates' despatch printed in G.O. No 17 Ed
of 11th January 1898 will not cover the
appointment. If it does not, application will
have to be made to the Govt of India under Article
84 (b) of the C.S.R.

Flag B

H.M.

^{2/4}
24-7-49 Secy
20/7/89
The sanction conveyed
in the despatch quoted above
was to the payment of an honorarium
of Rs. 700 annually to the officer
appointed to deliver courses of lectures
on Botany in the Med. Coll. These
lectures were given to M.B. & C.M.
students, but Botany is no longer
included in the curriculum laid
down for these students & there is
no Profes^{ship} of Botany in the Med. Coll.
(v. p. 198 of the Madras University Calendar
for 1898-99)

Capt. Hollingsworth who was before
 designated 'Lecturer on Botany'
 (in Calendar for 1897-98) is now
 Assistant to the Professor of Materia
 Medica. The lectureship which
 the D.P.I. says the Capt. Hollingsworth
 held with credit for several
 years in the lectureship on Botany
 to M.B. & C.M. students, & sanction
 is now asked for his appointment
 to the lectureship on the same pay
 for one candidate for to be trained
 as a Chemist & Druggist.
 As noted above the requirements
 of the M.B. & C.M. students differ
 from those of Chemist & Druggist
 students, who under the new
 scheme ^{the} apparently ~~are~~ only required
 to have an elementary know-
 ledge of Botany. The D.P.I.
 may be asked why arrangements
 should not be made for Capt. Hollingsworth
 or some other officer giving the
 necessary lectures to this one
 student as part of his ordinary duties.
 It does not seem reasonable to establish
 a special lectureship for this one
 student on a fee of Rs. 700.

ab
 26/7/99

6.50
 27.7.99

It is preposterous to
 appoint a lecturer on
 Botany with a fee of Rs 700
 for a single student.
 There must be lectures on
 Botany I presume in the
 Presy. Coll. for the Botany
 of the B.A. if any students
 take it up. But if this
 is so. If it is could not
 the student attend there.

If not there is the
 Christian College, but there
 may be no Professor there
 & the ^{course} rules may be in this way.
 v. page 12 of G.O. No. 1491 E.L.
 9-8-98

26.7.99

For the A.S.

Botany is taught in the Presidency
 college - vide pages 60 & 158 of the
 Calendar for 1898-99.

P.S.
 31/7/99

L. & M.
 100-26-3-95.

For the

D. Duncan reports that it is not
 possible for the student in the
 Chemist & Druggist class to get
 in structure in Botany at the
 Presidency College -

It seems absurd to pay
 Rs 700 for lectures to one pupil -
 It is submitted that the Director
 may be told to obtain instruction
 at Rs 10 a lecture or Rs 400 for
 the course. Some of the
 Medical Subordinate in
 Madras are probably capable &
 willing to teach to subject at
 the rate. He may also be
 told that the need for this
 lectureship has been known long
 before when submitting the
 Scheme.

I agree
 M.A.
 14.9.99
 10 ix 99

NOTE FOR THE Secy

Please see A.M.'s remarks below.
 p. 258 of the Madras University Calendar
 for 1898-99 shows that one student
 from the Presidency Coll. graduated
 in Branch III. A. Botany in 1898.
 It has been ascertained in the office from
 a last year's graduate that Botany
 is taught in the Presidency Coll. by
 D. Bourne, the Professor of Biology.
 Submitted that the D.P.I. may be asked
 to arrange for the candidate, who is
 to be trained as a Chemist & Druggist,
 being instructed in Botany at the Presy
 Coll.

ab
 31/7/99

For - ask the D.P.I.
 whether he cannot arrange
 for this.

27. vii 99

The D.P.I. states that this is not
 practicable - Please see cno 1395.

7/9.99. ab
 8/9/99

Cur: No: 1106 of 1899, dated 20th July 1899, from the Director of Public Instruction.
Cur: No: 1395 of 1899, dated 6th September 1899, from do.

Order (Misc.) 622 dated 15/9/99.

The Government considers that in view of the fact that there is only one student to receive instruction in Botany, a fee of Rs 10 a lecture or Rs 400 for the course should be sufficient. The Director of Public Instruction will be requested to arrange accordingly.

2. The Director of Public Instruction should have drawn attention to the necessity for this lectureship when submitting the scheme for the reorganization of the Chemist and Druggist class.

To
The Private Secretary to His Excellency the Governor,
(Through The Secretary to Government,
Educational Department.)

Sir,

As there is a student in the Chemist and druggist department of the Medical College this session it is necessary to arrange for the delivery of a course of lectures on Botany in that department; and I beg to recommend that Captain R. Hollingsworth, who lectured on the subject during the last two years, be appointed to the lectureship on the usual honorarium, viz, Rs 400. As the lectures have to be delivered immediately, I have, in anticipation of sanction, authorized the Principal of the College to permit Captain Hollingsworth to begin the course of instruction.

2. I beg to submit for the approval of His Excellency the Governor in Council the necessary minute of appointment.

3. The charge, for which no provision has been made in the budget estimate of the Medical College for the current year, owing to the uncertainty of any students entering for the chemist and druggist course this session, can be met from the provision in the budget of Rs 2,400 for the lecture on General Biology which will not be utilized under the scheme recently sanctioned for the re-organization of the professorial staff of the College. I am instructing the Principal to provide for the charge regularly in future budgets of the College.

I have the honour to be,
Sir,

Your most obedient servant,

H. Stuart
Director of Public Instruction.

MINUTE.

August 1901.

The President proposes the following appointment:-

Captain R. Hollingsworth to be lecturer on Botany to the chemist and druggist class of the Madras Medical College during the current autumn session.

Seen. It hardly seems right that this form of instruction for one student at once should be continued. Perhaps a little more showing the necessity or otherwise of the continuation. The amount of knowledge necessary must be small: surely the student or students thereof might get it anywhere while it could be tested by examination.

The appointment of Captain Hollingsworth as lecturer in Botany to the Chemist & Druggist student in the medical college has been gazetted.

With reference to the H.M.'s note ~~overleaf~~ ^{is} submitted Botany was added as a subject for the Chemist & Druggist class of the Medical College under the scheme of re-organization sanctioned in G.O. no 491 Col. dt 9th August 1898. The students have now to take ^(in the subject, consisting) a course of not less than 40 meetings during the winter session in the first year of their training. The extent of knowledge required ~~is~~ is given in the syllabus on pages 15 & 16 of the G.O. quoted: *is* more or less elementary. The students' knowledge is tested not at any college examination but by the first Technical examination in Botany. Candidates have now to produce certificates of having attended a course of lectures in the subject.

3. In Madras Botany is taught only in the Presidency & Christian Colleges besides the medical College. ~~and~~ of these the Christian College is a private institution and the question whether the Chemist & Druggist students may be sent there for instruction in Botany was not ~~therefore~~ considered. ^{Dr. Duncan} ~~Dr. Duncan~~ reported however in 1899 ^{when Dr. Duncan said} that it was not possible to send them to the Presidency College.

* this second letter in G.O. no 622 Col. dt 15-9-99.

4. Unless therefore instruction in Botany is given in the Medical College, the curriculum for the Chemist and Druggist Class ^{should} ~~has to~~ be altered and this *is* submitted ~~is~~ a retrograde step.

5. Attention is solicited to the notes in G.O. no 622 Col. dt

dt 15-9-99 in which the fee was for a course of 40 lectures was fixed at Rs 400.
