STATEMENT OF THE OBJECTS, AND AN APPEAL IN BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS MALE AND FEMALE CIVIL ORPHAN ASYLUMS were founded by Eurasians for relief of the poorer members of the community in the early part of the present century, so far back as 1807, and have therefore, been in operation for over ninety years.

A full statement of the funded capital and financial resources of these Institutions will be found in the Annual Report. Improvements have been introduced into the system of education pursued in each of the Asylums, with a view to increasing their public utility. For the furtherance of this object, these schools are now placed under Government Inspection.

All orphan children *throughout the Presidency* descended from parents either Eurasian or European, not in Military employ, are eligible for admission.

This fact it may be assumed, is generally known throughout the mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the mofussil for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-President, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. The Directors, therefore, earnestly request the Clergy in the Presidency and mofussil either to make regular periodical collections in their Churches in behalf of the Asylums, or else to circulate this appeal together with the accompanying report among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of Institutions, which provide such efficient relief for the destitute and distressed members of their own community.

Contributions may be remitted to Mr. C. HALL, Treasurer, Rundalls Road Vepery, or to THE SECRETARY Civil Orphan Asylum, Egmore, Madras.

Mr. Streenivasa Moodelly, the Tamil Munshi died in February and temporary arrangements were made to fill the vacancy caused by his death.

In the Female Asylum the Tailor's services were dispensed with and Mrs. Dunbar has been engaged to teach dress making to 12 girls.

Examinations.

Male Asylum.

10. FORM III.—Five boys were sent up for the Lower Secondary Examination, of whom, Reginald Hughes, passed the complete test, and the remaining 4 passed in all the compulsory and one optional subject.

CLASS IV.—Ten boys were sent up for the Primary Examination, of whom, 5 passed the complete test, 4 passed in the compulsory part and one optional subject, and 1 failed.

MADRAS DIOCESAN PRAYER BOOK EXAMINATION.—Intermediate grade.—Nine boys were sent up, and eight passed, one obtaining a merit certificate.

ELEMENTARY GRADE.—Fourteen boys were sent up and only 6 passed, one obtaining a merit certificate.

Female Asylum.

11. FORM III.—Five girls appeared for the Lower Secondary Examination in 1898 of whom one passed the complete Test. In last years report of this Examination it was mentioned that 3 girls had passed the complete Test and 1 in all the compulsory and in 1 optional subject. It afterwards turned out that this girl Amelia Gibson, had also passed completely so that there were 4 successful candidates out of the seven that had been sent up.

CLASS IV.—Three girls were presented for the Primary Examination and all passed the complete test.

Madras Diocesan Prayer Book Examinations.

INTERMEDIATE GRADE.—Eight girls were sent up and six passed one obtaining a merit certificate.

ELEMENTARY GRADE.—Five girls were sent up and all passed, 4 obtaining prizes.

NEEDLE-WORK EXAMINATION OF THE EURASIAN AND ANGLO-INDIAN ASSOCIATION.—Twelve girls were sent up for Class A and 9 passed, some obtaining merit certificates.

Higher Education.

Of the 5 boys who attended Bishop Corrie's Grammar School last year two boys have been very favorably reported on, and two others have done well enough to go on with their studies. One boy not having given satisfaction has been removed.

Three girls attended the Presidency Training School for Mistresses.

Scripture Examination.

12. MALE ASYLUM.—This school was examined in December by the Revd. J. T. Lawrence. He remarks:—"On the whole the Examination resulted satisfactorily but there was no special excellence shewn. The boys did not seem well acquainted with the actual words of Holy Scripture. It is doubtless a good thing that they should use their own words but still a little more adherence to the text might be better. I however simply record the fact". See Appendix C.

FEMALE ASYLUM.—The Revd. E. A. L. Moore examined this school also in December. He remarks:—"These results are very good, as the averages mentioned show. The subjects set both in the old and New Testament were known very well. At the same time; except in the second and third forms, the fact that the subjects offered were exceedingly limited must be taken into account. This very limited range of subjects somewhat discounts the high averages attained. No fault however can be found with the way the children learned their lessons, or with the carefulness with which they have been taught." See Appendix D.

Government Inspection.

13. The Inspector of Schools examined the Male Asylum in February 1898, and Mrs. Brander, the Inspectress of Girls' Schools the Female Asylum on the 29th July 1898.

The Inspector remarks:—

Staff—Efficient.
Dress and Manners—Good.
Discipline and tone—Very Good.

The Inspectress remarks:—

Efficiency—Good.
Dress and Manners—Very Good.
Discipline and Tone—Very Good.

The Proceedings of the Director of Public Instruction reviewing the Reports of the Inspector and Inspectress respectively, have been received. His remarks are as follows:—

MALE ASYLUM.—"The general condition of the school was satisfactory, and its tone and discipline were very good"

FEMALE ASYLUM.—"The general condition of the school was good and its tone and discipline were very good.

14. GARRISON CHAPLAIN'S REPORT.—The Garrison Chaplain's Report is published as Appendix A.

APPENDIX A.

The Garrison Chaplain's Report.

12. I have the honour to make the following report in my three-fold capacity as Chaplain, Supervisor of the education, and General Supervisor of the Asylums.

1. AS CHAPLAIN.—The thanks of the Directors are due to Mr. Cardis again for his great kindness in playing the Harmonium at the Chapel Services. The brightness of the services is largely due to his kind help.

There has been no alteration during the year to the Chapel or its furniture; it is hoped that the alterations and repairs of 1897 will render further repairs and alterations unnecessary for some time to come.

The religious teaching on the Boy's side was examined in December 1898 by the Revd. J. T. Lawrence. He says in his report that the Examination resulted satisfactorily, but that there was no special excellence shown. That on the Girls' side was examined by the Revd. E. A. L. Moore. He says in his report that the results were very good. The reports are appended. The thanks of the Directors are due to these gentlemen for the work they kindly undertook. I sent up a number of children on both sides for the Prayer Book Examination in August. In the *Intermediate Grade* the children obtained two certificates of merit, and thirteen Pass Certificates. This was distinctly a disappointment. The failure was in one paper; the peculiarity of the case being that it was in this paper they obtained high marks the year before. In the *Elementary Grade* the children obtained four Prizes, one certificate of merit, and six Pass Certificates. The names of the children who obtained prizes were.

Florence Lopez	...	2nd.
Irene Carlier	...	3rd.
Mary Cruickshanks	...	5th.
Daisy Hall	...	9th.

A boy, Herbert Dean, just lost a prize, but took the first certificate of merit. They were greatly pleased at their success. The subjects in the Intermediate grade were the services of Morning and Evening Prayer, the service of Holy Communion, and the service of Holy Baptism. The subjects in the Elementary Grade were the Church Catechism and the Gospel Canticles.

2. AS SUPERVISOR OF THE EDUCATION.—The results of the Government Examination in the Primary Departments and those in the Lower Secondary Departments are not good. The Directors have consented to try the experiment of a Female teacher for the 2nd and 3rd classes on the Boys' side. Mrs. Rebeiro, who did such good work at the Vestry School Trichinopoly between 1882 and 1892, has been appointed. I anticipate from this appointment a great change in the general educational results of the Boys' School. If a good foundation is laid in the lower classes, the effect will gradually make itself felt in every higher class. We have boys and girls in the School up to the age of 16; but our highest class is only the Lower Secondary. Without being exceptionally clever, boys and girls ought to pass the Lower Secondary at the age of 14½, and be reading in the High School classes after that age. We have no difficulty about attendance to contend with; for our boys and girls are boarders. And so it is difficult to understand how it is that our results are so poor. As education is of such importance to the class of children we try to benefit, I strongly advise the Directors to consider the advantage of opening a High School Class on the Boys' side; so as to have the highest class in the Boys' School one class higher than it is at present. This would make the boys understand that they are expected to pass Lower Secondary at the same age as boys in other schools.

The opening of a High School class would involve the entertainment of another teacher for Form i and Class iv.

On the girls side there is less inclination and less necessity to pursue education above the Lower Secondary Standard. If a girl passes this Examination, and then has a training at the Train-

ing School for Mistresses, she will be able to earn her own living. But the Directors had better make sure that she is being trained when she is sent to be trained.

In the month of December I examined the three Primary Classes on the Boys' side, and the six Primary classes on the Girls' side in all their secular subjects. On the Boys' side the general result was fairly good; the weak subjects being spelling, pronunciation, Grammar and Geography. On the Girls' side the result was a little better; both the writing and the spelling of the girls is superior to that of the boys. Their weak subjects were grammar and Geography. I have told the teachers that they must not be content to teach just up to the minimum requirements of the Code; they must in every class go a little beyond the minimum; and this in justice to the children themselves. This system will have the effect of increasing the general standard of all classes; and perhaps of ensuring the passing of the Lower Secondary at the age of 14½.

The Revd. S. Theophilus was kind enough to examine the classes of both Schools in Tamil. He reports that the children do not come up to the standard prescribed, and that the system of teaching is at fault. The matter is under the consideration of the Directors, who have appointed a new Teacher.

Twelve girls competed for the Prizes offered by the Eurasian and Anglo-Indian Association for excellence in various forms of Needlework. They were not successful this year in obtaining any Prizes; nine of them obtained Pass Certificates; the order of merit of the first four being as follows:—

Gertrude Gale	... 63	marks out of 100
Eva Eccleston	... 58	
Elizabeth Rapson	... 56	
Elizabeth Joyce	... 55	

3. AS GENERAL SUPERVISOR OF THE ASYLUMS.—I cannot help regretting that the boys are not taught to use their fingers. The Educational Code provides for the teaching of various industries; and the Government, through the Director of Public Instruction,

encourages in an unmistakeable way the introduction of one or more of them into a school. It may be that the knowledge of carpentering work may not enable a boy to get the employment he wants in the future; and it may be that every boy will not require a place as a carpenter; but if he has a knowledge of the use of tools, his knowledge will always be an advantage to him; and in learning their use, he will have learned to use his hands in other ways as well.

C**Report of the Rev. J. T. Lawrence.**

I have the pleasure to send you Results of the Examination in religious knowledge conducted by me on the 12th instant. On the whole the Examination resulted satisfactorily but there was no special excellence shown. The boys did not seem well acquainted with the actual words of Holy Scripture.—It is doubtless a good thing that they should use their own words but still a little more adherence to the Text might be better. I however simply record the fact.

The new Testament was better known than the old and in the upper classes the answering was at times good.

The catechism was well said by all and difficult questions were answered with appreciation.

In the lower classes whilst the hymns were known, there was little knowledge of the meanings and terms used *e.g.* not one boy in a class knew the meaning of "portals."

In standards iii and ii the amount of New Testament set appeared to be very limited for a year's instruction.

D.**Report of the Rev. E. A. L. MOORE.**

Form III.—Prize winner. Elizabeth Joyce. The competition among the five girls in this class was very close. Lilian Hilton and Mabel Corbitt deserve honourable mention.

Form II.—Prize winner. Irene Carlier. The same subjects were offered by the two forms. General average of marks 82 per cent.

Form I.—Prize winner. Elizabeth Rapson (Maximum marks) Mercy Fullam deserves honorable mention.

Class IV.—Prize winner. Daisy Dean. Honourably mentioned Jane Henderson.

Form I & Class IV.—Offered the same subjects. The excellent average of 94 per cent. was obtained by the class.

Class III.—Prize winners. Ethel O'Keeffe }
Theresa Henderson. }

Honbly. mentioned. Grace Rapson and Florence Francis.

Class II.—Prize winners. Dottie Reinhardt. Minna Nelson was a very fair second.

Classes III & II.—Had the same teacher and subjects. Average 91 per cent.

Class I.—Prize winners. Mary Jones }
A Trutwein }

Average 89 per cent.

Infants.—Division I. Prize winner. Bella Hiscox.

Division I

Hon. Men. Irene Ramsbotham.

Average 87 per cent.

Division II.

Prize winner, Harold Clark }
Melville Swan }

Hon. Men. Beatrice Smith }
Irene Nelson. }

Average 90 per cent.

These results are very good, as the averages mentioned show. The subjects set both in the Old and New Testament were known very well. At the same time, except in the second and third forms, the fact that the subjects offered were exceedingly limited must be taken into account. This very limited range of subjects somewhat discounts the high averages attained. No fault however can be found with the way the children learned their lessons, or with the carefulness with which they have been taught.
