To

The Secretary to Government,

Educational Department,

Fort Saint George.

Sir,

I have the honour to request that you will be good enough to obtain the sanction of Government to the payment of Rs.50-5-2 being the salary due to one of the Laboratory attenders in the Rajahmundry College from 1st April 1898 to 12th December 1898, at Rs.6 per mensem. This amount is held under objection by the Account Department for want of Government sanction, which was not previously sought for the following reasons.

2. This laboratory attender was originally entertained when the training section was opened in 1893, as it was found that the attender already on the establishment was not able to cope with the increased work in the three upper secondary forms of the practising section, in which science has to be taught, and his salary was met from the allotment for laboratory charges, which were not then subject to detailed audit. Under the new rules regulating the contingent expenditure, these charges are subject to audit, and hence the objection raised by the Account Department.

3. The services of this attender having been dispensed with from 13th December 1898, care will, in future, be taken that similar charges are not incurred without proper authority. The Principal, however, reports that it will be very difficult to carry on the work of the laboratory without a second attender, but as no provision has been made in the budget estimate for 1899-1900 for any increased charges in the college, nothing can be done till the 1st March 1900.

4. I request that permission be also given to provide for the
