From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., LL.D.,
DIRECTOR OF PUBLIC INSTRUCTION,
Madras,

To

THE SECRETARY TO GOVERNMENT,
Educational DEPARTMENT,
Fort St. George.

SIR,

I have the honour to report that the Trustees of Pachaiappa's Charities are anxious to secure a proper site on which to build an orphanage and industrial school to accommodate from 50 to 100 boys, and to request to be informed with reference to G.O. No. 644 Educational, dated 17th November 1897, whether any portion of "Grassmere" could be spared for the purpose. Instruction is proposed to be given in the following subjects:— printing, Cotton carpet-making, mat-making, tailoring and drawing. The school may be expected to work with success.

SIR,

With reference to your endorsement No. 1808C dated 23rd March 1898 on Educational department No. 752 dated 21st March/98 I have the honor to inform you that certain of the Trustees of Pachayappas charities met me at 'Graesmere' on April 1st and that so far as I am aware, there is no difficulty in providing a site for their School if Government is prepared to hand over some two acres of land free of charge and if the site is considered to be suitable on sanitary grounds.

2 The area shewn on the accompanying Survey is admitted to be ample for the purpose and the proposed buildings were marked on the Survey in the presence of the Trustees and approved by them. The entrance is from the main road and the proposed carriage drive 35 feet wide.

(3) I would point out that the Graesmere

Compound

Compound is low & for a considerable part of the year is said to be swampy. It is bounded on the north by a sewage farm and even though accommodation is provided for the boys in an upstair building, it is not certain that the site is well adapted for a school which would probably be cheaper to maintain on a healthier site outside municipal limits. I am aware however, that there is an objection to any site outside madras as the Trustees are not paid for their services & many of them probably wish to have the school near their homes so as to avoid travelling expenses & waste of time.

4. I would suggest that a compound will be required and that if the land is handed over Government should decide who is to bear the cost and make a condition that the wall is to be constructed in a substantial manner within a fixed time.

(5) I would also point out that if it should be decided to light madras with electricity the "Grassmere" Compound will probably be the most convenient site for a power station and that in this case its sale will realize a considerable sum of money. I have pointed this out at the suggestion of the Manager of the Tramway Company.

The Say seems to refer to G.O. no 2693 m. 24-12-97- flag M. But the G.O. does not say that the Municipality should be consulted before any Govt land is alienated. It deals with the question of the ownership of the strip of land along the margins of navigable & tidal streams. The proposed grant to Francisco does not come under that head. The Francisco was in private property before it was reclaimed by Govt.

It may also be noted that when Govt granted a site in the chepauk grounds for the construction of the Victoria Students Hostel, the municipality was not consulted.

If A.S. considers that the precedent should however be followed a draft will be prepared.

The above represents the true state of the case as the G.O. in question distinctly says it is only with regard to land forming or inside that the Municipality should be consulted

Resubmitted to the Secretary.

The order G.O. is G. Endt. No 188 D 27 March 93 at p. 2 of G.O. 662 M D 15 May 93. This G.O. is only communicated to all Chairmen of Municipalities and not to the President of the Municipal Commission, Madras. Therefore the matter of the Victoria Hostel was not referred to the latter officer. From G.O. 1982 L D 21st October 95 L; 291 M dy 25th Feb 97 L and 446 M D 9th March 97 M (all of which are endorsed to all Chairmen of Municipal Councils and also to the President of the Municipal Commissioner, Madras) it is apparent that orders not communicated to the P.M.C., Madras, do not apply to the P.M.C., Madras.

NOTE FOR THE SECRETARY.

Erasmus Jerome belonged originally to the Caste Arpukam Chetty, Madras, and was employed by the Municipality of that City. In 1890 it was brought to Govt as a set off against a portion of the expenditure incurred from Provincial funds on new schools and repairs to the Chetty Hall buildings. In G.O. no 589 Ed dt 19th day of Feb the Govt considered that in view of the position and past history of the building, the Caste had a better claim to the use of it as the building was originally designed for their Caste Girls. The Govt thought that the building should be given for the Industrial School but if they preferred to Erasmus it was decided in conjunction with the Municipality they should. This was carried through and the Municipality undertook to add the top floor and the building transferred to the Municipality. Govt Press Commission Rs. [illegible] dt 17th Nov 97 [illegible] Govt. Last the D.P.I. reported that the Trustees of Pachaiyappa's Charities

were an reasons to secure a proper site on which to build an Orphanage and industrial School to accommodate from 50 to 100 boys be required whether any portion of the Guindy could be spared for the purpose. The D.C.'s letter was referred to the P.W.D. and by application of the Trustees of Pachaiyappa's Charities and his despatch at Guindy and the 12th April last, and gave him information about the area of the site they required for their buildings, the Executive Engineer stated that there is no objection to dispensing in favour of the Trustees, provided in doing so the rules required by the Govt. of India that the Presidency should be allowed a certain free zone between the Guindy, and in a limited manner also by the Engineer in charge of the Madras Waterworks, for the Madras Water Works & proposed to take the new Madras Water Works & desire to build on the E. side of the Guindy Road, and also by the Executive Engineer, Chingleput

Mr. Tremenheere was under the impression that there was a G.O. laying down the rule that when it was proposed to Give away Govt. land within Madras Municipal limits the Municipality should be consulted. After careful enquiry it seems that there is no such rule (please see A.S.'s addenda & previous office notes) but from a conversation the A.S. had with the President, Madras Municipal Commission, the latter informed him that it was the practice for the Dy. Coll. Madras to consult the Municipality in such cases, though it was not laid down in any G.O. This practice was not followed in the case of the Victoria Student's Hostel N. Secy's orders & remarks in the margin of office notes will be borne in mind

Hon'ble Sir,

In acknowledging receipt of your letter No 7098 dated the 6th instant, I am directed by the Trustees to inform you that they will feel much obliged if the portion of the "Grassmere" Compound referred to in the Memo. from Government No 13-M of the 10th June 1898 Educational Department be granted to them free of charge for the use of the Chengalraya Naicker's Orphanage and Industrial School.

The Trustees have given due consideration to the several points suggested by Mr. Ashpitel in his letter to Government and have, with the personal experience of some of their body come to the conclusion to repeat their request for the grant of the land.

They will raise the level of the ground wherever found necessary for the purposes of the buildings proposed to be constructed thereon.

All things considered, the Trustees are of opinion that the site in question is the best suited for their requirements.

1.II.99

In February last the D. of I reported that the Trustees of Pachaiyappa's Charities were desirous to secure a proper site on which to build an orphanage and technical school to accommodate 50 to 100 boys and suggested that any portion of "Gymnasium" could be spared for the purpose. The "Gymnasium" is a small bungalow with a compound lying adjacent to the Civil Orphan Asylum Buildings in Egmore. It originally belonged to the Civil Orphan Asylum and was in the occupation of the Superintendent of that institution. But 1899 it was assigned to Govt. as a set-off against Rs. 10,000 due

the Expenditure incurred from Provincial funds on new works and repairs to the Asylum buildings. Vide G.O. No 726 Ed. dated 20th November 1889 (Flag)

In regard the Communications of Police applied for the grant of the Government Bungalow for use as a Police Station but the Govt. decided that in view of the position and future history of the building the Ed. Dept had a better claim to the use of it and reserved it for the use of that Dept. Vide G.O. No 589 Ed. dated 19th August 1890. (Flag)

It was thought that the building would be required for the use of the Roman Catholic School in Karaikal it was proposed to remove to Egmore and to work in conjunction with the Girls Orphanage. This scheme ultimately fell through. Vide G.O. No 1103 Ed. dated 21st

I think the Trustees should be informed that Govt. regrets it cannot make the assignment of land they desire.

It is not impracticable that the entire property may be required for public purposes. The compound is ~~more~~ of considerable extent, nearly 5 acres. If 2 acres were removed the remainder might prove insufficient for Govt. and the value would be greatly reduced.

If an industrial school is built there it is probable that the

Trustees will complain. If the Orphanage farm which will give some years to come - till the drainage of Karaikal is completed - be necessary for the health of the locality - however objectionable to a few neighbours. Pressure will then be brought to bear

× Current No. 246. Equitable to lease out either any portion of Grammont Can be reserved for the Orphanage. on the Govt Council to close the farm.

The Trustees do naturally like to get a site from Govt for nothing. But the Chengalvaraya Mudali's Charity is wealthy they can afford arrange to get a site by

The building was afterwards made available for the office of the Inspector of Works, Light House Division (Vide G.O. No 644 Ed. dt 17th November 1889 Flag D) and is now in the occupation of that office.

2. The D.P.I. letter × refers to the P.W.D and beg appointment the Trustees of Pachaiyappa's Charities met the Asst. Inspector of Works, Light House Div, at "Grammont" and gave him information about the area of the site required for their buildings. The Asst. reported that there was no difficulty in providing a site for the school to be conducted by the Trustees of Govt. was prepared to hand over some two acres of land free of charge and forwarded with the report a plan of the Grammont Compound marking the

Trustees for their building.
Mr also pointed out that
the Grammar Compound
was low and for a considerable
part of the year unhealthy,
& Mr Murray, that it was
bounded on the north by a
sewage farm and that even
though a new road was
formed for the Compound
existing buildings would not
contain that the site to be

3. Mr D. Adolphi stated that when
the reports to the D. P. I.
were forwarded to him the Trustees
of Pachaiyappas Charities
still desired to have the site
in spite of its unsanitary condition
pointed out by Mr Adolphi.
4. In reply the D. P. I. reported
that the Trustees still desire
to have the site in the

to meet the objections raised
they propose to raise the level
of the ground wherever necessary.
5. The area of the site
required by the Trustees is
reported by Mr Adolphi to be
three Lacs and but its exact
area and value is not known.
6. In his letter above referred
to Mr Adolphi also suggested
that if the site required by
the Trustees ground or
Compound would be required
and that the Govt
should therefore make
condition that the walls
should be constructed in
a substantial manner
within a fixed time. He
also pointed out, at the
suggestion of the Manager
of the Tramway Company,
that if it should be decided
to light Madras by
electricity the Grammar
Compound will probably
be

be the most convenient site for a future station and that in this case its sale will realize a considerable sum of money.

7. Orders are solicited whether the Trustees of the deceased Chanter may be granted the site they require in the Compound ~~of the~~ Hospital or whether the Trustees or Govt. should keep the cost of the land down to be contributed to enable the site to be granted from the rest of the Compound.

If an Orphanage is constructed, the Trustees will presently apply for a building grant. If the site is to be given gratis, it may perhaps be stipulated that no further grant can be paid.
