From,

The Chairman,

Bezwada Municipality

To,

The Chief Secretary to Government,

Local and Municipal Departm

through the Collector, Kistna

Station. Bezwada

Dated 21st } January 1892
Despatched 26th }

Sir,

With reference to para 9 of G. O. no. 1230 M / 7-8-91 I have the honor to subm herewith 2 statements one for sums receiv and spent separately for two schemes during the past 3 years and the other showing the extent of land acquired, allotted and still available for sale together with the necessary informat called for in above.

2 The Buckinghampet scheme

nted with a balance of Rs. 1554-9-11 which the Tahsildar of Bezvada handed ver to the Municipality when the working f the scheme was ordered to be incorporated with the Municipal funds.

3. The Town improvement fund has been closed with a minus balance which has been met from the Buckinghampet funds, but the land acquired under this head is valuable and the value of land unsold more than covers this balance.

4. Item no. 3 in Buckinghampet "Lands between two canals". Most of the 14.83 available for sale will it is anticipated be utilised for the construction of public buildings such as Town Magistrate's Office, a hospital and Apothecary's quarters &c. As the extent required has not been finally decided upon the column provided for "Reserved for public purpose" has not been filled in.

Item no. 6

Sir,

With reference to G.O. No.
2,10 M / 20-2-89, I have the honor to
forward

forward herewith 2 copies of resolution of the Council noted in the margin for approval and sanction of Government of the same. The subject matter of these two resolutions is with reference to 2 applications for grant of sites in this municipality.

The petitioner No 1 applied for certain site in front of his house in this municipality and the same was granted accordingly free of any charge in the year 1888, prior to the G. O. under reference comming into force and he was put in possession of the same formally by some members of the Municipal Council that

were

were appointed specially as a Sub Committee for the purpose. In giving possession of the site to the applicant the members of the Sub Committee went to the spot and simply showed the site without actually measuring it then. The applicant thought that he got the whole site then he applied for. But when it was actually measured subsequently the site that was given to him as stated above fell short and without which he could not live there with any convenience having every accomodation necessary for good enjoyment of the same. Hence he made the present application for the forward herewith 2 copies of resolution of the Council noted in the margin for approval and sanction of Government of the same. The subject matter of these two resolutions is with reference to 2 applications for grant of sites in this municipality.

The petitioner No 1 applied for certain site in front of his house in this municipality and the same was granted accordingly free of any charge in the year 1888, prior to the G. O. under reference coming into force and he was put in possession of the same formally by some members of the Municipal Council that

were

were appointed specially as a Sub Committee for the purpose of giving possession of the site to the applicant. The members of the Sub Committee went to the spot and simply showed the site without actually measuring it then. The applicant thought that he got the whole site then he applied for. But when it was actually measured subsequently the site that was given to him as stated above fell short, and without which he could not live there with any convenience having every accommodation necessary for good enjoyment of the same. Hence he made the present application for the site which was comprised in the grant already given by the Council. This petition was referred to a Sub Committee on 2 occasions. They recommended it in strong terms. The neighbours also were consulted and they consented. The Council granted the request subject to the sanction of the Government. The site to be given to him is the block marked B measuring 15½ yards from east to west & 5½ yards from south to north of block A as described by M. R. Ry. C. Komaraswamy Pillai Avergal and G. Pitchappa Setty Garu the members of the sub Committee in the plan that accompanied their report.

The other petitioner applied for a site near the municipal hospital for sinking a well for the use of the public as a matter of charity. The town being noted for the scarcity of water the Council granted the request readily and recommended the same to Government for its sanction.

Current Nos. 3027 m of 1891 & 379 m of 1892 & 1396 m.

From

FOR ORDERS.

The well site is all right. The other does not seem so very objectionable. The lane on which it abuts is still 18 feet wide & leads nowhere except to the well just beyond. I think it may be allowed.

18/6

The proposed grants in both cases seem to be objectionable as they are distinct encroachments on the streets, which are not wide enough to bear them (18 ft only). The grant of the land for the well may perhaps be conceded as a useful public work, that for extending the first petitioner's house seems very objectionable.

9.2.92.

This draft was detained in order that intelligible plans might be sent up & information as regards breadth of street given.

18/6.

LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 3027 Mun of 1891 & 379 Mun of 1892 & 1396 Mun.

From

FOR ORDERS.

The well site is all right. The other does not seem to be very objectionable. The lane on which it abuts is still 18 ft wide & leads nowhere except to the well just beyond. I think it may be allowed.

13/6

The proposed grants in both cases seem to be objectionable as they are distinct encroachments on the streets, which are not wide enough to bear them (10 ft only). The grant of the land for the well may perhaps be conceded as a useful public work, that for extending the first petitioner's house seems very objectionable.
