Dear Sirs,

Madras

A few days ago
Eve, the Solicitors for the Madras Electric Tram-
ways Co. called upon us with regard to our recent
enquiries and correspondence with you as to the
allotment of shares. Consequent upon our report
the Company consulted their Solicitors with a
view to so arranging matters as to enable them
to properly allot shares to the Contractors, and
Messrs. Partridge & Co. acting under proper advice,
prepared a formal contract with the Electric
Construction Corporation Limited, and a subsidiary
Agreement as to the allotment of shares in
part payment of Contract price. This Agreement
has been properly executed, and registered at the
Registry of Joint Stock Companies. We inserted
the Minute Book containing the Resolution
authorizing the Managing Director to enter into
this Agreement, and also the Agreement duly
executed, and registered. We then attended a
Meeting of the Directors at which the 19,650
Shares agreed to be taken by the Electric

A few days ago

enquiries and correspondence with you as to the
allotment of shares. Consequent upon our report
the Company consulted their Solicitors with a
view to so arranging matters as to enable them
to properly allot shares to the Contractors, and
Messrs. Cassidien & Co. acting under proper advice
prepared a formal Works Contract with the Electric
Construction Corporation Limited, and a subsidiary
Agreement as to the allotment of shares in
part payment of Contract price. This Agreement
has been properly executed, and registered at the
Registry of Joint Stock Companies. We inserted
the Minute Book containing the Resolution

this Agreement, and also the Agreement duly

Meeting of the Directors at which the 19,650
Shares agreed to be taken by the Electric
Construction

were properly allotted
also inspected the
time, and find
follows:-
Electric Co.

19650
to other

34077

India Number of Shares allotted 43720

Total Number of Shares allotted 77797

and we yesterday wired you as follows:-

"Agencies - At request of the Company
again examined Register and now satisfied
"shares properly allotted are 77797 England
34077 India 43720"

We went into the whole position very
carefully with the Solicitors to the Company,
and have now no hesitation in reporting that
the allotment to the Electric Construction Corporation
is a proper one, and binding upon every one
concerned. We may mention that part of the
terms upon which the Company agreed to allot
the shares was that the scrip representing a certain
part of them should remain deposited with the
Managing Director of the Company as a
security for the due performance by the
Corporation of the Conditions. Such Scrip, so

to be deposited to be handed over from time to
time according to the terms agreed upon, but
in our view this is a matter which does not
in any way affect the validity of the allotment
which has been made.

You will of course understand
that we wired you, and are writing this letter
at the request of the Madras Electric Tramways
Company Limited, and that they have under-
taken to discharge our costs in the matter.

We are
Yours faithfully

The deficit has been made up not by further subscriptions but by an arrangement under which the shares taken by the contractors have been secured.

I presume it is all right. The Thomas house
has been taken from, and are deposited as
security for the performance. Calls on the Thomas
will be set off against work done under the
works contract. I think the order number on
10 extending the time for commencement of
Com⁴ for 6 months from 6th April may now
issue.

Yes - the present arrangement is very different to what it was. The shares are now allotted personally to individual members of the construction company - who will be individually responsible - & will have to meet the calls as made. It is no concern of ours if they choose to sit off work done against the call.
