From,

Civil Auditor.

To,

J. Pycroft, Esq^r

Chief Secretary to Government

Dated 3^d March 1857.

Sir,

N^o 2932

In my letter to Government, dated 22^d January last, N^o 2467. I brought to the notice of the Right Honorable the Governor in Council, that the efficiency of my Establishment in the speedy disposal of the current work was greatly impaired by the withdrawal from it of the portion

1 Auditor	Ruppes	120
2 Assist ^t D ^r	at 80	160
4 Account ^{ts}		146

noted in the margin engaged in working off the arrears of 3 Fushies outstanding

at the date of the supersession of the system of post audit, by that now in operation and I stated that I should have deemed it my duty to apply for additional temporary aid, had I not found it impossible to obtain competent hands for the work.

2.

Since the above communication was despatched to Government, two persons have

been engaged.

have offered their services, who from long experience and training in Offices of Account and Audit, I believe to be well qualified for undertaking the duties of clearing off the arrears. Besides the serious inconvenience sustained in my Office by the withdrawal of so many hands, it is highly important on other grounds, that the accounts for Fushies 12 63/64/65 should be audited as speedily as possible, and I would especially advert to the circumstance of the audit of the whole of the Charges connected with the Department of Public Works / Establishment excepted / having been transferred from the 1st of May 1856. to the Chief Engineer who before he can undertake that duty will require to be accurately informed of the outstanding balances on that date

3. From the annexed Memorandum shewing the state of audit at the present time, the Government will observe that a very considerable time must of necessity elapse before the accounts of Fushy 12 65 can be finally closed by means of my present Establishment, and I would therefore very respectfully urge upon Government the expediency of authorizing the entertainment for a period of six months of

of the above two Auditors on a salary of ³12,100 each and permitting me to charge for the same monthly in a Contingent Bill, I would also solicit their sanction for the re-entertainment on the same salary of an Auditor Mr. Anderson whom I was compelled to dismiss from my Establishment in November 1855, for repeated absence from Office, which was found to retard the disposal of the heavy arrears in the Office at that time, besides setting a very bad example to the rest of this Establishment. Mr. Anderson who was one of the most intelligent Auditors on the Establishment and would undoubtedly prove of great assistance at the present time and should the Government be pleased to authorize his re-employment he will be informed that he is only to expect salary for the days of his actual attendance at Office.

4. With the aid of the temporary Establishment, I now solicit permission to entertain. I have every reason to believe that the whole of the arrears now pending may be cleared off in six months from the date of their employment.

I have the honor to be,

Sir,

Your most obed^t. Serv^t

For Orders.

This appears advisable.

That Mr. Anderson should be informed that any objection of his former misconduct will be followed by immediate dismissal and removal of name from the employments of Govt.

Is this worth while for a temporary employment?

2. The Civil Auditor
is also permitted to re-
employ Mr Anderson on
the same salary of a
Auditor, with the inten-
tion proposed to be made
to him that he will be
paid only for the days
of his actual attendance
at Office. Mr Anderson
should be further in-
formed that any repetition
of his former misconduct
will be visited by im-
