Fort Saint George, Financial Consultation, 16th June 1857.

No. 18. From the Acting Chief Secretary to Government; to the Commissioner for the Government of the Territories of His Highness the Rajah of Mysore, dated the 15th June 1857, No. 341.

SIR,

The Accountant General at this Presidency having been lately called upon for a Report respecting the system in force, in regard to the remittance of Specie from the Interior to the General Treasury at Madras, has referred among other points to the transmission of Treasure from Canara, and mentions the possibility of that District having for the future to supply Bangalore with Specie for the payment of the Troops, the Mysore Government having now liquidated the entire Debt, Principal and Interest, heretofore due to the Honorable Company.

2. The Governor in Council believes that this apprehension is quite groundless. He believes generally speaking, that there is no want of Specie in the Commissioner's Treasury, and I am directed to suggest that it might be employed in the purposes to which Remittances from the Districts of this Presidency to that Territory are now devoted; the Paymaster at Bangalore giving the Commissioner Bills on Madras and Mangalore, between both which places and Mysore there can be no doubt that important Commercial relations exist. The Governor in Council will be glad to be furnished with your opinion on this point at your earliest convenience.

Acting Chief Secretary.
