Extract from a despatch from the Honble the
Comr of Directors addressed to the Government of
India in the Financial Department - 1856
dated the 17th June 1856

57. We desire however to impress
upon your Government and upon our Officers
of Account and Finance the great importance
of the utmost possible accuracy being obtained
in framing the Estimates of the Indian Revenues
and charges. Your Estimate for 1856-57, had
been rendered to parliament before the receipt
of your Despatch communicating the report
on the actual Accounts now under notice, and
none more unfavorable impression of the condition
of our finances has therefore been conveyed to
Parliament than was justified by the facts
of the case. We rely upon your attention being
particularly directed to this subject, so as to
avoid any similar serious discrepancies in
future.

Copy forwarded to the Government of Madras
for information and guidance.
