Not to be folded or roughly handled

Fort Saint George, Financial Consultation, 12th January 1858.

No. 8. From F. LUSHINGTON, Esq., Civil Auditor; to T. PYCROFT, Esq., Chief Secretary to Government, Public Department, dated 22nd December 1857, No. 430.

SIR,

I have the honor to forward 2 printed Copies of the Book of Civil Establishments made up to the 30th April last, for transmission to the Government of India and the Court of Directors.

2. Though not later than its predecessors, I had hoped to have been able to effect the despatch of the Book from this Office this year at a much earlier date, but as this is the first year that printing the Returns has been had recourse to in lieu of writing, the difficulties to be overcome have tended to protract the completion of the work to a much later date than was either desirable or I had reason at first to expect. The same causes not operating in future years, the same delay will not in consequence result.

3. The Contingent expenditure has this year been separated from the body of the Book, and will be found as an Appendix. The Statement has been prepared in this Office this year as it was found that its preparation by each Office as was the practice in previous years did not secure the accuracy which makes such Statements of value. This circumstance will account for the large increase in the Contingent expenditure in this year over the last, observable in a great number of Establishments.

The remaining printed copies on hand will be distributed in the first week of January next.

(Signed) F. LUSHINGTON,
Civil Auditor.
