*Proceedings of the Madras Government, Financial Department,
from 9th to 15th July 1859.*

No. 8. Read the following letter from N. C. MOOROOGASEM MOODELLIAR, Esq., Acting Secretary Mint Committee; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 7th July 1859, No. 121.

1. I have the honor, by desire of the Mint Committee, to bring to the notice of Government the following circumstances regarding the disposal of certain apparatus lately received from England.

2. The Assay Master represented to the Committee* that the apparatus in question intended for the humid process consisting of Glass bottles, crucibles, cups, grain weights, &c., was in his opinion quite unfit for the purpose required; and that the only articles which would be of any use were a thermometer, two hydrometers and glass pippets. He added that the same were not indented for by the Assay Master, who at the time obtained the permission† of Government to procure them from Messrs. Osler and Co. at Calcutta, in preference to doing so from England, as being more satisfactory: and he solicited the Committee to ascertain the wishes of Government for the disposal of the articles.

3. A reference* was made to the Assay Master to learn whether the apparatus was part of the Indent on England or whether the whole of the same had been previously received, he stated in his reply† that with the exception of Grain Weights, the apparatus did not form part of the Indent on England, and noted that two separate Indents were forwarded on the 20th June 1856, one on England, and the other on Calcutta, the latter having been already supplied. He further stated in reply to a subsequent reference, that he is not aware how the apparatus in question happened to be included among the Mint Stores, as it was not indented for by his Department.

4. The Committee in their Secretary's subsequent letter* to the Assay Master requested him to forward a list of the apparatus to the Chemical Examiner, the Medical Storekeeper, &c., to whom in his opinion the articles might be of use. In his last communication† the Assay Master reported that the Medical Storekeeper was willing to receive them to be issued in due course as required to the Chemical Department of the Medical College.

5. The Committee therefore instruct me to request that you will be so good as to obtain the sanction of Government for the transfer of the articles to the Medical Store at the price at which they stand in the Mint Accounts.

No. 9. ORDER THEREON, 11th July 1859, No. 375.

Under the circumstances above represented, the Government authorise the articles in question being transferred to the Medical Stores at the price at which they stand in the Mint Accounts.

(Signed) T. PYCROFT,
Chief Secretary.

Government

Sir
I have the honor to request you
will do me the favor to obtain for me from
Government leave, ^{for a fortnight} on most urgent private
affairs, to proceed to Calcutta by the
steamer now expected. I hope there will
be no difficulty since I have not had a
day's leave from Government since I
landed from my furlough on or about the
22^d June 1839 - a period of 21 years. It is
a fortnight's leave I ask for. I am,
Sir,

P.S. I would suggest
that Mr. W. Livingston Lind Auditor
be nominated to act during
my absence as a member of the Audit Committee
some other gentleman taking his place temporarily as Civil Auditor.
Your obedient servant
G. H. P. G. G. G.

Report of the Civil Auditor

The Civil Auditor has the honor to report that Mr. G. S. Pandurang is eligible to the two seats now solicited by him under Sect. III of the Auditor's Rules -

The leave strictly speaking ought to be obtained from the Govt. of India but the case being apparently one of a very urgent nature the Madras Govt. may perhaps
of the Government of India
ask him to leave the service

grant the leave in anticipation of the sanction of the Govt. of India
