*Proceedings of the Madras Government, Financial Department,
from 13th to 19th August 1859.*

No. 5. Read the following letter from Mr. N. A. HARLEY, Manager of the late Mint Committee Office ; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 30th July 1859.

The Office of the Mint Committee having been abolished by a recent Order of Government, I beg to request that you will have the goodness to lay before the Honorable the Governor in Council the following representation regarding myself as the last Manager of that Department.

Having been for the last ten years in the service of Government ; and, for more than six years, as Manager in the Mint Committee Office, without any change of salary or improvement of position, I sought leave from the Committee in the month of May last, to enable me to make a trial of the Educational Department, as there was an appointment open then in the Madrassa-i-Auzam. My object in going on leave, was, that I might return to the Mint Committee Office in case I should find it necessary to do so. The Committee kindly acceded to my request, and I left the Office in May last, on leave for six months.

As, however, the Mint Committee Establishment is now broken up, and I have not exactly made up my mind about remaining in the Madrassa, I beg most respectfully to solicit that His Excellency the Governor in Council will be pleased to extend to me the privileges which I hear the other late servants of the Department have solicited to have, *viz.* that, in case I should withdraw from the Madrassa before the expiration of my six months' leave, the usual gratuity may be disbursed to me, and my name borne on the official records as eligible for employment on the occurrence of a vacancy in any of the Government Public Offices.

I take the liberty to submit this request, from my experience in the Educational Department, thus far, inclining me to prefer Government employ in a public Office, to the work of teaching in a School ; and I think, that as I have been already for a period of ten years engaged in the performance of office duties, it would be better for me to adhere to such work as likely to afford me a surer prospect of earlier advancement in the public service.

Under these circumstances, I most respectfully beg that in issuing orders on the subject of the late Mint Committee Establishment, His Excellency the Governor in Council will be pleased to include my name with those of the other servants as entitled to the usual gratuity, and as eligible for re-employment under Government.

No. 6. ORDER THEREON, 16th August 1859, No. 456.

Mr. Harley having accepted employment in the Madrassa-i-Auzam, the Government consider that he has no claim to a gratuity consequent on the abolition of the Mint Committee's Office Establishment, on which he was previously employed.

2. The Madrassa-i-Auzam having been brought into the Education Establishment as a Government Institution, Mr. Harley by entering it has not ceased to be a Government servant, and consequently will not be required to pass the Uncovenanted Service Examination, if he should accept an appointment in any other branch of the public service.

Chief Secretary.
