Your Telegram of the 1st Instant has been received, this Government has no objection to the three extra Annuities being granted during the current official year, provided that on reference to the Members of Annuity Fund generally, a majority of the Members are in favor of the grant of that Member of extra Annuities during the present year, and that a reasonable opportunity is offered to each qualified Member both in Europe and India of sending in his application for one of the extra Annuities as well as for making arrangements for the necessary.

This has just reached me -

I suppose it should be

communicated to the Trustees

of the Civil Fund and they should

be desired to ascertain the wishes

of the service generally upon

the points - whether they wish to

know the amount of securities

in the current year -

The Trustees might at the same time ascertain who would

take them supposing that they
are to be given this year —

With regard to the men in
England there are Thomas
W M Russell, Matheson & C Birch

Russell has written out to
apply for one — Matheson is

kind hearted & willing to
accept when offered — I

think — or at least would
only be too glad to get them.

Thomas has been in this to

but is not yet to take one. —

But if all the extra amounts
are taken from working men in England
they will certainly be devoted to purpose
