*Proceedings of the Madras Government, Financial Department,
for the month of March 1860.*

No. 13. Read the following letter from Major CHARLES A. ORR, Mint Master; to the Chief Secretary to Government, Fort Saint George, dated 15th March 1860, No. 428.

Notwithstanding the liability to fire which must necessarily exist, in spite of all precautions, in an establishment employing so many furnaces and forges as this Mint, no provision in the shape of a Fire Engine has been made for the prevention of a, possibly, destructive conflagration, and, as this state of things ought not to be allowed to continue longer than can be avoided, I have the honor to request that Government will order the immediate issue to the Mint of one of the Fire Engines which are now being fitted up in the Grand Arsenal.

No. 14. ORDER THEREON, 20th March 1860, No. 112.

Ordered to be communicated to the Inspector General of Ordnance and Magazines, who will furnish a Fire Engine for the use of the Mint.

(Signed) T. PYCROFT,
Chief Secretary.

To,
The Chief Secretary to
Government.

Notwithstanding the liability to
fire which must necessarily exist, in spite
of all precautions, in an establishment in-
volving so many furnaces and forges as
this Plant, no provision in the shape of a
fire engine has been made for the purpose.
