Proceedings of the Madras Government, Financial Department,

22nd June 1860.

No. 52. Read the following Proceedings of Government, in the Public Works Department, dated 13th June 1860, No. 1,238.

Referring for Orders, copy of a letter from the Chief Engineer requesting that a Steam Hammer, got out from England for the use of the Mint, be transferred to his Department for the use of the Presidency Workshops, connected with the Department of Public Works. } (*Vide Proceedings, Public Works Department, dated 13th June 1860, Nos. 199 & 200.*)

No. 53. ORDER THEREON, 22nd June 1860, No. 297.

As the Steam Hammer referred to is not required for the use of the Mint, the Government authorize its being transferred to the Presidency Workshops connected with the Department of Public Works.

2. They desire, however, to know why this Hammer, pronounced now to be of no use, was ever ordered out for the Mint.

(Signed) T. PYCROFT,
Chief Secretary.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to
J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 9th June 1860,
No. 1,447 :—

Having learnt from the Mint Master that a Steam Hammer, recently got out from England for the use of the Mint, is not required by his Department, and, being of opinion that it will be a very useful addition to the Presidency Workshops connected with the Department Public Works, I have the honor to request that the sanction of Government may be obtained to the transfer of the Hammer in question to this Department, for the purpose of being fitted up and worked in the Presidency Workshops about to be erected at Chepauk, as from the number of Mechanical Engineers who may always be expected to be employed there, the Machine could be turned to very good account and utilized to its utmost extent.

ORDER THEREON, 13th June 1860, No. 1,238.

Referred to the Public Department.
