PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Madras Government in the Financial Department:—

Communicating for further consideration a letter from the
Mint Master on the subject of transferring to the Chief
Engineer, Department of Public Works, a Steam Hammer at the Mint. } (Here enter 23rd July 1860, No. 365.)

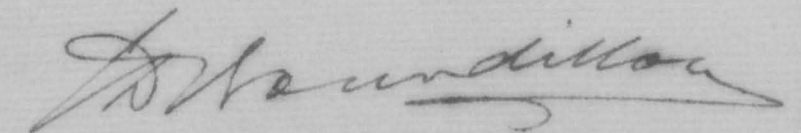

ORDER THEREON, 18th August 1860, No. 1,759.

1. Ordered that the letter from the Mint Master and paragraph 1 of the resolution thereon in the Financial Department be communicated to the Chief Engineer with reference to his letter of the 9th June last, No. 1,447.

2. As regards the remarks in paragraph 2 it is observed that under date the 6th June 1859, No. 1,373, the Government had occasion to notice the lax and uncontrolled way in which it had been usual to make Indents on the Home Government in this Department; and it was then directed that all Indents for Stores and Machinery for the Public Works Department should in the first instance be submitted for the special approval of Government. This course is now followed.

3. It may be remarked that the Steam Hammer now in question was not indented for in the Public Works Department, but was included in the Annual Mint Indent of the 5th January 1859, forwarded through the late Mint Committee to Government on the 17th of the same month.
