Not to be folded or roughly handled

*Proceedings of the Madras Government, Financial Department,
12th September 1860.*

No. 17. Read the following letter from JOHN P. DOYLE, Esq., Civil Engineer, Special Assistant Engineer in charge of New Mint, Calcutta, to J. D. BOURDILLON, Esq., Secretary to the Government of Madras, dated 22nd August 1860.

I shall take it as a great favor, if you can send me copies of the Report of the Madras Mint, the Railway Report for 1859, and the Irrigation Company's Report for the last year. If you could in addition send me a tracing of the *Turbine Water-wheel* proposed to be erected to drive the Printing Presses in Fort Saint George, or any paper explaining the mode of working, it would be of great service to me, and for which I will be very thankful to you.

No. 18. To the Mint Master at Calcutta, dated Fort Saint George, 12th September 1860, No. 459.

With reference to the letter from Mr. Doyle, Special Assistant Engineer in charge of the New Mint at Calcutta, dated 22nd ultimo, I have the honor to forward a copy of each of the Report noted in the margin, for the use of your Department.

<i>Report of the Madras Mint for 1859-60.</i>	
" <i>Railway</i> "	
" <i>Irrigation Company</i> "	

2. There does not appear to be in this Office any tracing of the Water-wheel referred to in Mr. Doyle's letter or any paper explaining the mode of working it.

(Signed) T. PYCROFT,
Chief Secretary.

File
P. M. 1860 Report

W. 2121.

From the Abc. ¹⁸⁶⁰
Eng. in Charge of new
Print Column.

Dated 22nd Aug. 1860.
Received 28th Aug. 1860.

Requests to be furnished
with copies of the Reports of
the Madras Bank and of
the Railway & the Irrigation
Companies for 1859. Also a
tracing of the Machine
Water Wheel proposed to
be erected to drive the
printing press in Fort
St. George.

Order thereon September 1860 N^o.

Ordered that a copy of each of the Reports applied for
in the foregoing letter be furnished to Mr. Doyle.

There does not appear to be in the Office any tracing
of the Water Wheel referred to or any paper explaining
the mode of working it.
