MADRAS RECORD OFFICE.

Government of Madras.

Financial DEPARTMENT.

G.O. No. 488 Press ~~Mis.~~

Dated 26th Sept 1860.

B/oro 62-63 42/43

Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department,
26th September 1860.

No. 62. Read the following letter from Major CHARLES A. ORR, Mint Master, to the Chief Secretary to Government, Fort Saint George, dated 15th September 1860, No. 180.

Paragraph 1st. I have the honor to forward herewith the accounts of the Silver and Copper Coinage for the 31st Settlement, or from November 1859 to April 1860, and to offer such explanations on the results of the work during that period as appear necessary.

Conformity of the Silver Coins to Standard weight.

	½ Grain heavy.	Standard. ¼ Grain heavy, ¼ Grain light.	Total.
Single Rupees...	4	175	179
Half Rupees ..	...	51	51
Quarter Rupees.	...	89	89
	4	315	319

2nd. Out of 179 Rupee pieces tested for weight, only 4 have been found to be ½ grain heavy, and of the ½ and ¼ Rupee pieces tested, none have deviated more than ¼ of a grain from Standard.

Conformity of the Silver Coins to Standard Fineness.

	B 1.	B ½.	Standard.	W ½.	W 1.	Total.
Single Rupees...	...	7	132	37	3	179
Half Rupees...	..	1	39	11	0	51
Quarter Rupees.	2	8	67	11	1	89
Double Annas..	...	...	249	73	0	322
	2	16	487	132	4	641

Thus 76 per cent. of the Coinage was Standard and the average fineness of the whole ⅛ of a Penny weight below Standard.

Receipts and Deliveries.

3rd. The receipt of Bullion, as shown in Abstract Statement A, was Tolas 34,56,680-11-5, of which Tolas 12,37,871-0-2 consist of the balance at the termination of last settlement and of the Uncurrent pieces transferred from the General Treasury for recoinage, and the remainder Tolas 22,18,809-11-3 were received from merchants. The finished pieces remitted to the General Treasury having amounted to Tolas 24,40,340 and the balance remaining in the Mint Treasury being Tolas 10,21,346-0-11, making an aggregate of Tolas 34,61,686-0-11, the apparent excess is Tolas 5,005-5-6; from which deducting, first the recoveries in the merchants pre-melting room, Tolas 323, and secondly, the amount by which the whole outturn is reported to have been below standard, *viz.*, Tolas 1,036, there remain Tolas 3,646 as the net operative gain, or at the rate of 150 Tolas per lac without including the weight of the Silver in the drosses, Tolas 350-4-5, according to the Assay Master's valuation.

Rates of Coinage.

4th. Appendix No. 10 shows that the Coinage during the six months of 352,06,834 pieces of Silver and Copper of the value of Rupees 28,88,450, cost Rupees 1,03,718-9-2. Deducting the expenditure of Rupees 57,011-7-10 on 304,26,240 pieces of Copper of the value of Rupees 4,48,110, the remaining Rupees 46,707-1-5 of the total expenditure may be assigned to the different denominations of the Silver Coinage in the proportion of Rupees 27,195-8-9 to 17,79,242 single Rupee pieces at about 1½ per cent.; Rupees 4,875-1-2 to 4,87,508 half Rupee pieces at 2 per cent.; Rupees 6,182-8-4 to 8,23,676 quarter Rupee pieces at 3 per cent.; and Rupees 8,453-15-2 to 16,90,168 double Anna pieces at 4 per cent. The total cost was therefore at the rate of Rupees 1-14-6 per cent. on the value of the outturn, notwithstanding the large proportion of small Coins that were struck.

Proceedings of the Madras Government, Financial Department,

26th September 1860.

5th. In the accounts now transmitted the gain and loss on the Uncurrent Silver Coins received from the General Treasury, owing to the value at which they were there rated differing from that assigned to them at the Mint by the Assay Master, are shown to be,

Gain 61-3-9
Loss 286-0-1

and these sums have been debited and credited in the Mint Books under the head "Profit and Loss" agreeably to Mint Rule, No. 11.

6th. The drosses of this settlement were as usual advertised for sale, but found no bidders when put up, as experience has taught that they are now so thoroughly exhausted as to be worthless. I have therefore to request sanction to carry their value as ascertained by the Assay Master Rupees 350-4-5 to "Profit and Loss."

7th. A Statement, showing the receipt of Gold into the Mint and of the sale proceeds thereof remitted to the General Treasury is also forwarded.

8th. The difference of Rupees 7,386-9-5 between the Invoice and sale value of Gold Coins received from the Treasury for disposal has been written off agreeably to the Order of Government, dated 20th January 1860, No. 25.

9th. In regard to the Gold Coin received from the Collector of Tanjore, 15 pieces were selected by the Assay Master for his cabinet collection, and the rest being melted with the sundry Gold articles into two separate bars were assayed and subsequently sold for Rupees 47-13-6 above their standard value. The total amount of Rupees 24,835-9-0 realized was remitted to the General Treasury, and I have to request the sanction of Government to carry to account the value of the Coin delivered to the Assay Master, viz., Rupees 180-1-8 in favor of the Collector of Tanjore.

10th. In a remittance of uncurrent Coins from the General Treasury on the 2nd February 1860, fourteen pieces were stated to be "Gold Porto Novo Pagodas," but on their being issued to the melting room to be refined for the purpose of forming of them a medal for the Educational Department, they were found to be entirely of base metal, and the circumstance was without delay brought to the notice of the Sub-Treasurer in a letter dated the 14th idem. As their suppositious value Rupees 38-15-1 stands on the Mint books, I have to request authority to write it off to "Profit and Loss."

11th. The balance of Bullion which remained in the Mint on the 30th April 1860 was verified by the Acting Sub-Treasurer on the 9th May last, agreeably to the Order of Government dated 29th July 1859 No. 420, and the Register of the gross weight, having that Officer's Certificate appended, together with the standard valuation of the Bullion, is forwarded with the accounts now submitted.

No. 63.

ORDER THEREON, 26th September 1860, No. 488.

As requested in paragraphs 6 and 10, of the foregoing report, the Government authorize the value of the Silver dross remaining unsold, viz., Rupees (350-4-5) three hundred and fifty, Annas four and Pice five, as also the supposed value of the "Gold Porto Novo Pagodas," viz., Rupees (38-15-1) thirty eight, Annas fifteen and Pie one, being written off to "Profit and Loss." They also authorize the Mint Master to carry to account Rupees (180-1-8) one hundred and eighty, Anna one and Pice eight, the value of the Gold Coin delivered to the Assay Master, in favor of the Collector of Tanjore.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. F. Cartledge.

Financial Department.

Proceedings of the Madras Government.

Read the following letter from the Mint Master.

(Dated 15th September 1860. No. 180)

Order thereon. 26 September 1860. No. 488.

As requested in paras 6 & 10 of the foregoing report, the Govt. authorise the value of the Silver dross remaining unsold, viz., Rupees (350-4-5) Three hundred & fifty, Annas four and Pice five - as also the supposed value of the "Gold Porto Novo Pagodas", viz, Rupees (38-15-1) Thirty eight, Annas fifteen and Pie one - being written off to "Profit & Loss." They also authorise the Mint Master to carry to account Rupees (180-1-8) One hundred & eighty, Anna one and Pice

Pice eight, the value of the Gold Coin delivered to the Assay Master, in favor of the Collector of Tanjore.
