MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Acting Accountant General, Fort Saint George, 19th September 1860, No. 198; to the Chief Secretary to Government.

1. With reference to the 3rd para. of my letter No. 174, dated the 6th instant. I have the honor to forward herewith, for transmission to the Military Finance Department, copy of a letter from the Military Auditor General dated 28th ultimo, No. 367, and of its accompaniments, marginally indicated, (Budget) Estimate for 1860-61. and to state that, with a view to enable the Commission to Appendices showing the details of do. reconcile the figures entered in the (Budget) Estimate, with those exhibited under the several heads, in the Prospective Estimate transmitted to them with my letter dated 5th instant, I have caused two columns to be added to the No. 500. (Budget) Estimate of the Military Auditor General, one showing the sums deducted from certain items and added to others, and the next the net amount taken in the Prospective Estimate. I was necessitated to do this, in consequence of the full strength of the Army having been Estimated by the Military Auditor General under the different Regiments without reference to their employment in China and Labuan, and also to Batta to the Troops serving in the Eastern Settlements having been included, agreeably to the suggestion of the Commission, with the Regimental Pay. For reasons stated in my communication No. 543, dated Para. 3. the 19th instant, to the address of the President, it became necessary to deduct the Batta in question from Regimental Pay, and to exhibit it distinctly as usual, in my Prospective Estimate, and a similar process had to be followed as regards the Ordinary and Extraordinary charges for the Troops serving in China and Labuan, which are debitable to the Crown, and which will be found in the Prospective Estimate at page 20, under the heads "China Expedition of 1859-60" and "Her Majesty's Government Labuan."

2. In order to show the entire Military charges at one view, I have added, at the foot of the Military Auditor General's Estimate, the details of Commissariat expenses both for the Eastward and for the Continent, and the value of the different descriptions of Stores expected from England, &c. &c., so that the grand total of Military charges Ordinary, as exhibited in the detailed Estimate now sent, agrees with that entered in the Prospective Estimate.

3. I also append details of the amount of Batta expected to be paid to the Troops serving in the Eastern Settlements, and to the Troops employed in China, and at Labuan.

ORDER, No. 3416, 21st September 1860.

Ordered that a copy of the foregoing letter, together with the Estimate &c. received therewith, be forwarded to the Military Finance Commission.

To the President Mily. Finance Commission. | Here enter 21st September 1860, No. 3417.
