*Proceedings of the Madras Government, Financial Department,
4th July 1861.*

No. 12. Read the following Extract from the Proceedings of the Government of India in the Financial Department, under date the 22nd June 1861, No. 7,345.

Read again the Resolution passed in this Department on the 8th instant, regarding the deputation of Mr. R. Temple and an Officer from Madras to proceed to Hyderabad and confer with the Resident there, with a view to reducing the expenditure of that Territory.

Read a Memorandum, dated 15th instant, submitted by the Financial Secretary, together with a "Statement of receipts and disbursements of Hyderabad and the Territories ceded and assigned to the British Government as estimated for the years 1861-62."

RESOLUTION.—The Governor General in Council observes that the papers now submitted show a deficit of income as compared with charges from all sources connected with Hyderabad, amounting to 47 lacs per annum according to one mode of calculation and 26½ lacs according to another.

Even on the more favorable calculation there is evidently a great field for reduction of expenditure, His Excellency in Council desires therefore that a copy of the Financial Secretary's Memorandum and of the Statement submitted therewith, be forwarded to the Government of Madras, to the Resident at Hyderabad and to Mr. Temple, with an intimation that the Governor General in Council trusts these papers may be found useful in ascertaining how a considerable reduction in the existing expenditure may be effected.

ORDER.—Ordered that a copy of the above Resolution be forwarded, together with a copy of the papers mentioned in the last paragraph thereof, to the Government of Madras, to the Resident at Hyderabad and to R. Temple, Esquire.

Ordered also that a copy of these Proceedings be transmitted to the Right Honorable the Secretary of State for India with a separate letter.

(A true Extract.)

Secretary to the Government of India.

MEMORANDUM.

From this Statement it will be seen that the Income of the Hyderabad Assigned Districts, and of the Ceded Districts, in the management of all of which the British Government is interested, are estimated to bring in a gross Revenue of 77½ lacs and that the Civil charges payable thereout amount to 32 lacs, leaving a balance of 45½ lacs.

These charges include expenditure on Public Works, as follows:—

British (in P. W. Budget)...	4,25,000
Assigned Districts...	1,16,000
Ceded Districts...	5,78,032
	11,19,032

But the cost of the Military Forces in Cuddapa and Bellary (the Ceded Districts); of the Subsidiary Force (in respect of which these Districts were ceded); and the Nizam's contingent (on account of which the two Berars have been retained as Assigned Districts, whilst Raechoor and Dharasee have been relinquished to the Nizam) amounted, as will be seen from the annexed letter of the Military Finance Department, No. 120a, dated 1st March 1861, paragraph 5, to 92½ lacs in 1860-61. These Forces will not cost much less now if any less, and if the whole amount is charged against the Ceded and Assigned Districts the result will be a net charge upon the Imperial Revenues of India of 47 lacs in 1861-62.

But it is doubtful whether the charges of the Forces in Cuddapa and Bellary can fairly be taken into account, and if this be omitted the deficit will be reduced to 26½ lacs.

It must also be borne in mind that of the charges under the head of "British" nearly one lac is on account of the Residency.

Secretary to the Government of India.
