*Proceedings of the Madras Government, Financial Department,
4th January 1861.*

Read the following papers:—

No. 3. From EDWARD B. GLASS, Esq., Madras Civil Service, to the Chief Secretary to Government, Fort Saint George,

The Civil Funds of 1800, 1814 and 1818, under which last Fund I shall become an Annuitant on 1st January 1861, provide for the payment of Annuities under them annually in arrears.

The additional privileges of payment quarterly and to date of decease were made purchase-able under the Rules of the Fund of 1825 by a special but optional payment,
See Rule 16. (which at my age would amount to Rupees 4,529-7-1) in addition to the amount payable for the Annuity of £1,000 which that Fund undertook to provide.

The amount which under the Deed of 1818 I was required to pay as a minimum for the Annuity of £600, which it provides was Rupees 20,790-0-0, but as will be seen by the accompanying copy of a Statement furnished to me from the Civil Fund, the amount of subscription actually paid by me to the Annuity Fund without interest is no less than Rupees 27,338, being Rupees 2,018-12-10 in excess of the value of my Annuity which with the addition of the sum requisite to secure the privilege of quarterly payment, &c., under the Rules of 1825.

Such being the case I applied to the Trustees of the Civil Fund for the benefit of this privilege in regard to my Annuity from the Fund of 1818, but in their reply, Extract from which I annex, they state themselves unable to entertain the application on the ground that Government has assumed the entire responsibility of providing the Annuities of £600, claimable from that Fund, and that all subscriptions to the Fund of 1818 are carried to the credit of Government, the Trustees having no concern with the Fund.

Under these circumstances I have the honor to request you will submit my application to the Honorable the Governor in Council, and I trust it may receive favorable consideration.

<i>Value of an Annuity of £600, under the Deed of 1818....Rs.</i>	20,790- 0- 0
<i>Amount payable at age of 59 under Fund of 1825 to secure the additional benefits of quarterly payments and to date of decease.....</i>	4,529- 7- 1
<i>Total... ..</i>	25,319- 7- 1
<i>Amount actually paid.....</i>	27,338- 3-11
<i>Excess payment... ..</i>	2,018-12-10
<i>Total value as above.....</i>	25,319- 7- 1
<i>Add 6 per cent. as required by the Rules of 1853.....</i>	1,519- 2- 7
<i>Total... ..</i>	26,838- 9- 8
<i>Amount actually paid.....</i>	27,338- 3-11
<i>Excess payment... ..</i>	499- 10- 3

I need not say that the arrangement will be a material convenience to me and when it is considered that the actual deductions from my official salary, without any interest whatever for the period 38 years during which they have accumulated, have amounted to considerably more than the maximum sum which under any of the tables of valuation established for the Funds would be requisite for securing the benefit that I seek. I trust that the Government may think fit to grant it.

EXTRACT.

To E. B. GLASS, Esq.

In reply to your letter, dated 30th October 1860, requesting that your Annuity under the Deeds of 1814 and 1818 may be made payable quarterly instead of annually in arrears, I am directed by the Trustees to inform you that they do not consider themselves competent to make any recommendation or to pass any decision on the matter, as the subscriptions to the Annuity Branch of the Fund of 1814, extended by the Deed of 1818, are paid to the credit of Government who assumed the entire responsibility of providing the Annuities claimable from those Funds by retired Civilians, and the Trustees have no concern whatever with them.

Secretary.
