*Proceedings of the Madras Government, Financial Department,
25th January 1861.*

No. 49. Read the following Extract from the Proceedings of the Government of India, in the Financial Department, dated 15th December 1860, No. 12,394.

Read the following papers connected with the revision of the Pension Rules for the Uncovenanted Service of Government :—

Despatch from the late Honorable the Court of Directors, No. 21 of 1855, dated 28th February. Financial Letters, dated 14th June 1855, 19th May 1856, and 9th January 1857.

Replies to the above letters.

RESOLUTION.—In September 1854, this Government submitted, for the consideration of the late Honorable Court, the position of the Uncovenanted Officers and subordinates of the Department of Public Works, who were then excluded from the benefit of the Uncovenanted Service Pension Rules. The Government also pointed out that some amendment was necessary in regard to the cases of highly paid appointments of from £1,000 to 2,400 per annum, the occupants of which appointments, if invalidated after 30 years' service, were entitled under the rules to receive half pension varying from £500 to 1,200 per annum; whereas a Covenanted servant after 25 years' service received a pension from Government of only £500 per annum in any case. This Government further suggested that it might be authorized to make a general revision of the Pension Rules.

2. The Court, in reply, allowed the servants of the Public Works Department to participate in the benefit of the rules, and desired that pensions should, in future, not exceed £500 per annum. In regard to the suggestion for a general revision of the rules, the Court remarked—“We shall be ready promptly to consider the subject of any further alterations, which may appear to you to be desirable; but we desire that no alterations be made until they shall have been sanctioned by us.”

3. On receipt of this Despatch, the local Governments and the several Auditors in Bengal were called upon, on 14th June 1855, to furnish statements for 1st May 1855, shewing the numbers and grades of Uncovenanted servants drawing more than 10 Rupees per month, who were then excluded from the Pension Rules, and also the probable expense of their admission to the benefit of those rules.

4. In accordance with this call, returns were received in 1856. But as on examination they were found defective, amended returns were called for on 9th July 1857.

5. Amended returns were accordingly furnished from all the authorities except the Government of the North Western Provinces, which, in consequence of the breaking out of the mutiny, had not furnished any.

6. Since 1857, however, several new classes of Uncovenanted servants which were formerly ineligible to pension have, under the orders of the Secretary of State, been admitted to the benefit of the rules, such as the

Supreme Court Establishments,
Servants in the Marine Department of the Public Service,
Ditto in the Telegraph Department,
Civil Court Ameens.

7. It appears further that circumstances have so materially altered since 1855, that the returns received for that year can hardly be of any use now, and His Honor the President in Council accordingly directs that fresh returns in the form annexed to this Resolution, for 1st May 1860, shewing the numbers and grades of Uncovenanted Servants drawing more than 10 Rupees per month, who are now excluded from the operation of the Pension Rules, and also the probable expense to Government, if those classes were admitted to the benefit of the rules, be called for from the several Governments and Auditors concerned, with a view to the submission of a set of Revised Pension Rules to the Secretary of State.
