Paragraph 3. I am also desired to inform you that if the 2 lacs produced by the Pearl Fishery in 1860-61, are in hand, that is, if they were not carried to account in 1860-61, His Excellency in Council authorizes the amount being carried to the account of the current year.

4. In regard to the remark made in the 14th paragraph of your letter, His Excellency in Council requests that the Madras Government will prepare at once the Draft of a Bill for the proper levying of the Village Police fees.

ORDER THEREON, 23rd August 1861, No. 437.

Ordered that paragraph 3 of the foregoing letter be communicated to the Accountant General and that he be requested to state whether any, and if any, what portion of the proceeds of the Pearl Fishery was carried to account in 1860-61; none of this Revenue was, the Government observe, included in the Estimate of 1860-61.

To The Chief Secretary to the Govt of
Madras.

Finl Depart^r Sir,

I am directed to acknowledge the receipt of your letter No 333, dated the 28th ultimo, submitting the remarks of the Madras Government on the confidential letter addressed to them from this Department on the 5th May last.

2. In reply I am desired to inform you that the Governor General in Council approves of the measure reported in the 30th para. of your letter viz. raising the monopoly price of Salt to Rupees 1/8 per Indian Maund, the highest rate permitted by law, and that he does not object to the proceeds of this increase which is estimated by you at from 4 to 5 lacs for 1861/62 being counted as local ^{year} for the current, that is to their being held to be a part of the Eight lacs now required to be provided by Madras; - Thence forward, however these proceeds must be counted with the rest of the Salt Revenue, that is, as Imperial.

Communicating paras 3 of letter from the Govt of India to Govt of Madras and requesting them to state whether or not and if any, what portion of the proceeds of the Salt duty was concerned to cover the deficiency of the Salt duty in 1860/61. None of these measures having been introduced in the estimate of 1861/62, I have been obliged to assume that a slight of the Salt duty had been made - being now proposed to be the Salt duty. The proceeds of the Salt duty have been the subject of a letter from the Govt of India to the Govt of Madras.

Also requested to copy the report in the rate of the Salt duty - The Governor General also requested it, but as there are prospects of any lower than the present rate to be in the future.

3. I am also desired to inform you that if the 2 lacs produced by the Pearl Fishery in 1860/61 are in hand, that is, if they were not carried to account in 1860/61, His Excellency in Council authorizes the amount being carried to the account of the current year.

4. In regard to the remark made in the 14th para. of your letter, His Excellency in Council requests that the Madras Government will prepare at once the draft of a Bill for the proper levying of the village Police fees.

I have the honor to be,

Sir,

Your most obedt. Servt.
