*Proceedings of the Madras Government, Financial Department,
15th February 1862.*

No. 77. Read the following Resolution from the Secretary to the Government of India, dated Fort William, Financial Department, the 22nd January 1862, No. 393.

The Governor General in Council observes that the Rules for exhibiting expenditure under the Budget Head of "Police" appear on the whole to be unobjectionable.

With reference to Clause (C), however, His Excellency in Council directs that although the entire cost of any Political Corps is to be included under "Police," the contributions on the same account from Native States (as in the case of all other receipts, except those for Police service from the several Departments of the State) will be entered in the General Budget under "X Police" receipts in order to their exhibition as actual transactions, instead of being deducted from the charge side (F IV) as proposed. In any Police Statement or Report, however, there is no objection to the deduction of the receipts in order to bring out what may be considered the charges properly belonging to the Police Department.

In respect to Rule (E) the Governor General in Council observes that as under recent orders (No. 14,416 dated 19th December 1861) the entire pay of Military Officers employed in the Police will be charged to that Department, and authorized deductions will follow the existing general rules of the Account Department, it should be omitted.

With these amendments, His Excellency in Council directs that the Rules be circulated for observance by all the local Governments and Deputy Auditors General, with a request that their Budget Estimates for 1862-63 may be prepared in accordance with them. Should it so happen that any Budget Estimate has been completed when the Rules are received, a Supplementary Statement should be forwarded to this Department explanatory of the changes that may be necessary; but the transmission of the General Budget should not be delayed on that account. It should be stated by return of post whether a Supplementary Statement will be sent.

Copy sent to the Governments and Officers mentioned above and also to the Auditor General of India, to all Civil Paymasters and to the Military Finance Department for information and guidance.

Copy also sent to the Home, Foreign and Military Departments for information.

By Order of His Excellency the Governor General in Council.

(Signed) C. HUGH LUSHINGTON,
Secy. to the Govt. of India.

Extract from the Proceedings of the Right Honorable the Governor General of India in Council, in the Home Department, under date the 16th December 1861, No. 3,608.

Read again the Resolution of the Governor General in Council in this Department, dated the 4th of November 1861, and published in the *Calcutta Gazette* of the 9th idem.

Read the following Memorandum submitted to this Department by Lieutenant Colonel Bruce, Secretary and Member of the Police Commission:—

MEMORANDUM.

1. Judging from the Budget Estimates of the present year, considerable diversity of practice prevails as to the preparation of the Police Budgets under E. IV.

2. In the estimates of some of the Local Governments and Administrations the expenses of the new Constabulary only, under the new Police Acts, appear to have been included, extra Police appearing under other heads, and in more than one estimate a share of Magisterial and other extraneous charges have been embodied under the Police head.

3. It seems desirable, therefore, that more uniformity be observed, and to this end it is suggested that the following instructions might be issued for general guidance in reference to, and in continuation of the Government Resolution dated 4th November 1861:—

(a.) That all armed men or organised bodies of whatever denomination serving within the limits of any of the Local Governments and Administrations, and paid from the revenues of the State, if not under the orders of His Excellency the Commander-in-Chief or otherwise included as a Local Military Force in the Military estimates, shall be exhibited under the Budget Head (E. IV.) Police.

Proceedings of the Madras Government, Financial Department.
15th February 1862.

- (b.) That the Thuggy and Dacoity Department, River, Road, Ferry and Cantonment Police if paid by the State shall be in like manner included, whether they may be under the Inspector General of Police, or quite distinct as the Police of the Trans-Indus Districts of the Punjab, and the Districts of Kumaon and Gurhwal in the North Western Provinces.
- (c.) That should the expense of any Political Corps not under the orders of His Excellency the Commander-in-Chief, and not included in the Military estimates, be defrayed in part by the British Government, the entire cost shall be included in the Budget under Police, and a deduction made of the sum contributed by the Native State, or Chieftain, for its maintenance.
- (d.) That the share of Magisterial charges that may have hitherto appeared under the Police head shall in future be shown under "Law and Justice."
- (e.) That the full pay and allowances of all Military Officers employed in the Police Department shall be included under Police; the amount of Military net pay being shown separate, and all authorized deductions made therefrom and duly credited by the Civil Pay Department to the proper institutions.
- (f.) That the cost of all arms, accoutrements, &c., supplied from the Government Arsenals for the use of Police shall from time to time be provided for in the Budget, and that the proper Authorities be instructed to issue such articles upon payment indents only.
- (g.) That all Guards supplied out of the Regular Police Department to other Departments, or to Individuals, or for the Guard of Jails, Treasuries, Court Houses, &c., shall be paid for under the Government Resolution of 4th November 1861, and that the several Public Departments employing Police watch and ward shall provide for the expense thereof in their own Budgets.
4. The object to be aimed at, is that all the Police Budgets of the different Governments and Administrations shall exhibit the whole of the charges at a gross Budget, and that deductions be made at foot of all estimated receipts from other Departments, from Municipal resources, or from individuals, or of such sums as may be drawn from other Departments by individuals serving in the Police. After these deductions are made, the balance ought to show the net Police Budget requirements for the general and *bona fide* Police.

The Governor General in Council fully approves of the Rules which Lieutenant Colonel Bruce proposes to lay down; but as there are some points of them, and more especially those adverted to in paragraphs c. and e. regarding which the necessary instructions should emanate from the Financial Department, he directs that a copy of Lieutenant Colonel Bruce's Memorandum be forwarded to the Financial Department for consideration, and for the issue of such orders upon it in that Department as may be thought desirable.

(Signed) W. GREY,
Secy. to the Govt. of India.

No. 78. ORDER THEREON, 15th February 1862, No. 144.

Ordered to be communicated to the Inspector General of Police. The Budget Estimates for 1862-63 have, it is observed, been prepared in accordance with the Rules communicated with the foregoing Resolution of the Government of India. The Accountant General will however be requested to state whether a Supplementary Statement of the nature required is necessary, and if not, whether he has informed that Government that none will be sent.
