*Proceedings of the Madras Government, Financial Department,
17th February 1862.*

No. 83. Read the following letter from Mrs. ELIZA STEVENS; to the Chief Secretary to Government, Fort Saint George, dated 4th January 1862.

I beg leave respectfully to state that on the 23rd December 1858, I having had 151 Rupees, deposited the same in the "Savings' Bank" in the name of my son John Stevens, aged about ten years at that time in the Fort school, the interest of which sum, I continued to receive annually under his signature as a matter of form.

In May 1861, the payment of the interest was refused to me, without my son's signature, who was then out on sea.

On the 19th October last, I took my son's signature; but objection was raised unless he called personally.

On the 28th ultimo, I went with him, when the Actuary told that under the new Regulations that neither the interest nor the principal was payable until the lad attains his age of maturity, and advised me to address Government on the subject.

Permit me to acquaint you that the said money is my own bonâ fide property and left it in the Bank in my son's name, considering the uncertainty of life on the score of age. My son left the sea-faring line and another employment he afterwards temporarily held, and is now entirely dependent for subsistence on me. I am in the Leper Hospital, hence without the means to support him. The difficulties at this moment on this account are inexpressible to provide the common necessities of life for him. As the money in question is my own and deposited it merely in his name for safety, should I die before him, I humbly solicit you will be pleased to obtain the Orders of Government for the payment with interest to me by the Actuary of the amount. For which I shall feel grateful.
