Anicut and Head Works, amount in all to Rupees 18,33,000 as shown in the margin.* However, on the assurance of Colonel Rundall that "the works extending over a longer line" and the increasing number of laborers render "the expenditure of this amount (21½ lacs) most probable," His Excellency the Governor in Council authorizes the transmission of the Budget† as it is to the Government of India together with the Public Works Budget for 1862-63.

2. The Government deem it necessary that they should be furnished with a short Statement of the monthly expenditure in comparison with the Budget allotment. They, therefore, resolve to request the Consulting Engineer to submit such a statement in the accompanying form as soon as possible after the close of each month.
