Proceedings of the Madras Government, Financial Department, 2nd April 1862.

No. 5. Read the following letter from F. N. MALTBY, Esq., Resident of Travancore and Cochin; to the Honorable T. PYCROFT, Chief Secretary to Government, Fort Saint George, dated Trevandrum, 18th March 1862, No. 21.

I have the honor to request the favor of your laying before His Excellency the Governor in Council, the following request with reference to the leave which I lately received from Government, to enable me to proceed to the Neilgherry Hills.

2. That leave was granted to me as sick leave, for which reason my allowances were reduced from 2,800 Rupees a month to Rupees 833-5-4.

3. My request is that if the rules of the service do not preclude it, the leave should be made special leave, so that I may be able to draw half my allowances.

4. My reasons for making this application are, that at the time I was entitled by the rules of the service to six months' special leave, if granted by the Government, I was also entitled to one month's privilege leave, had I been able to limit my absence to that period.

2nd. That although I was compelled to extend my leave, and forwarded a Sick Certificate in support of my application, I really continued to carry on the more important part of the duties of my Office, during the time of my absence.

3rd. That granting this request will entail no extra expense on the State, as the deductions from my allowances will still considerably exceed the allowance granted to Captain White in charge of the Office.

4th. I make this request with the more confidence, as the Absentee Rules have already, within the last few years, pressed heavily on me. On one occasion, when entitled by length of continued service, to three months' privilege leave, and on this occasion when entitled to one month, I have been deprived of the advantage by the rule, which says that it cannot be enjoyed when sickness compels a longer absence. I feel confident, therefore, that my request will be favorably considered when, on the present occasion, all the more responsible duties of my Office, were still discharged by me.

Referred to the Civil Paymaster for report.

No. 6. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 2nd April 1862, No. 254.

I am directed by His Excellency the Governor in Council to forward for submission to the Right Honorable the Governor General in Council, the accompanying copy of a letter from Mr. F. N. Maltby, Resident of Travancore and Cochin, soliciting that the leave of absence taken by him in the past year may be changed from sick leave to special leave.

Dated 18th March 1862, No. 21.

2. Mr. Maltby, I am to state, in the month of July last obtained one month's privilege leave on account of ill-health, and at the expiration of that time, not being sufficiently recovered to be able to rejoin his station, applied for six months' leave on Medical Certificate. Mr. Maltby rejoined his station on the 13th November 1861, and has fallen under the operation of the Sick Absentee rules for the entire period of his absence or for four months.

Proceedings of the Madras Government, Financial Department, 2nd April 1862.

3. Mr. Maltby now requests that for the aforesaid time he may be considered to have been on special leave, to which leave he was entitled when he left his station. The Civil Paymaster, to whom the application was referred, reports that the commutation is inadmissible without the sanction of the Government of India.

4. The Madras Government beg to solicit this sanction under the peculiar circumstances of the case. The grounds on which their application is based are those stated in the 2nd and 3rd paragraphs of Mr. Maltby's letter. As it was very desirable that no stranger should be appointed to the Office during Mr. Maltby's absence, and no less so, that the affairs of the Residency on all important points should be conducted in communication with him, the Assistant Resident was placed in charge of the Residency; but Mr. Maltby while at Ootacamund was in constant correspondence with his Assistant and, as he represents, did really carry on the most important part of the duties of the Office.

5. I am further to add that if this request be granted, there will, as shown in the margin, be still a considerable saving to Government, after deducting from the Resident's salary, his allowance on special leave, and the deputation allowance already drawn by his Assistant in charge.
