Proceedings of the Madras Government, Financial Department,
13th June 1862.

No. 47. Read the following letter from H. A. MANGLES, Esq., Acting Accountant General; to the Chief Secretary to Government, Fort Saint George, dated 13th June 1862, No. 61.

In continuation of my letter No. 59 of yesterday's date, I have the honor to inform you that from enquiries I have made, it appears the Mint here could turn out an average of one lakh's worth of small Coins per week.

2. If therefore the Bombay Government do not object to the delay of one or two months, assistance to the extent of their requirements might probably be afforded them.

3. I have thought it advisable to make this suggestion, as I know the Bullion imported this year into Bombay has been on such an enormous scale, that there is no probability for many months to come, of their being able to reduce the balance sufficiently low to allow of their coining small Silver.

No. 48. ORDER THEREON, 13th June 1862, No. 445.

Ordered that the following message be despatched to the Government of Bombay.

"The Accountant General has just reported that the Mint here could turn out an average of one lakh Rupees worth of small Coins per week. If therefore the Bombay Government do not object to the delay of one or two months, assistance to the extent of their requirements might probably be afforded them."

(Signed) A. J. ARBUTHNOT,
Acting Chief Secretary.

Exd. F. Cartledge.
