*Proceedings of the Madras Government, Financial Department,
15th July 1862.*

No. 48. Read the following letter from Lieutenant Colonel C. A. ORR, Mint Master ; to A. J. ARBUTHNOT, Esq., Acting Chief Secretary to Government, Fort Saint George, dated 10th July 1862, No. 64.

Adverting to my letter of the 13th May 1862, No. 12, wherein I stated with reference to paragraph 2 of the Proceedings of the Government of India, in the Financial Department, under date the 14th April 1862, No. 2,689, and to the Order of this Government of the 9th May 1862, No. 343, that, as a large quantity of Copper Coin had accumulated in the Treasury from there being a diminished demand for that description of money, the Coinage of Copper in this Mint had been reduced with the concurrence of the Accountant General to one lac of pieces per diem, and that the total out-turn of the current year would therefore probably not exceed four lacs of Rupees in value, unless a new demand arose, I have the honor now to report that, owing to the Government of Bombay having made a requisition for a remittance of Copper Coin to the value of $4\frac{1}{2}$ lacs of Rupees, and likewise to indents coming in from the Districts for considerable supplies of it, the stock on hand will in all likelihood be shortly absorbed, and that I have consequently thought it necessary actively to resume the Coinage of Copper to the extent of about 2,50,000 pieces daily, which will probably cause the out-turn of the current year to reach 10 lacs of Rupees in value.

No. 49. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 15th July 1862, No. 521.

In continuation of my letter, dated the 17th April last, No. 373, I am directed by the Governor in Council to transmit to you a copy of a further communication from the Mint Master, reporting that owing to the Government of Bombay having made a requisition for a remittance of Copper Coin to the value of $4\frac{1}{2}$ lakhs of Rupees, and also to indents having come in from the Districts for considerable supplies of it, the stock on hand will in all probability be shortly absorbed ; and that he has therefore deemed it necessary to resume the Coinage of Copper to the extent of 2,50,000 pieces daily, which will probably cause the out-turn of the current year to reach 10 lakhs of Rupees in value.

Acting Chief Secretary.

Sir,
Adverting to my letter
of the 13th May 1862, N^o 12, wherein
I stated with reference to para 2 of
the Proceedings of the Govern-
ment of India in the Financial
Department under date the 14th
April 1862 N^o 2689, and to the
order of this Government of the
9th May 1862 N^o 343, that, as a
large quantity of Copper Coin had
accumulated in the Treasury
from there being a diminished
demand for that description of
Money, the Coinage of Copper in
this Mint had been reduced with
the

the concurrence of the Accountant General to one lac of pieces per diem, and that the total outturn of the Current year would therefore probably not exceed four lacs of Rupees in value, unless a new demand arose. I have the honor now to report that, owing to the Government of Bombay having made a requisition for a remittance of Copper Coin to the value of $4\frac{1}{2}$ lacs of Rupees, and likewise to indents coming in from the Districts for considerable supplies of it, the stock on hand will in all likelihood be shortly absorbed, and that I have consequently thought it necessary actively to resume the Coinage of Copper to the extent of about 2,50,000 pieces daily, which will probably cause the outturn of the Current year to reach 10 lacs of Rupees in value.

I have the honor to be,
Sir,
Yours most obedient Serv^t,

Amuldar B.

To The Secretary to the Govt of India
Financial Department

Sir,

In continuation of
my letter dated the 17th
April last. No. 370, I am
directed by the Governor
in Council to transmit
to you a copy of a ^{communication} from the
Agent Master, reporting
that owing to the Govern-
ment of Bombay having
made a requisition for
a remittance of Copper
Coin to the value of 4 1/2
lakhs of Rupees, and
also to incidents ^{arising from} coming
in from the Districts for
considerable supplies of
it, the stock on hand
will in all probability
be shortly absorbed, &
that he has therefore
deemed it necessary
to resume the coinage
of Copper to the extent
