*Proceedings of the Madras Government, Financial Department,
8th October 1862.*

No. 14. Read the following letter from W. J. RAYNOR, Esq., Officiating Civil Paymaster ;
to the Honorable T. PYCROFT, Chief Secretary to Government, Fort Saint George,
dated 18th September 1862, No. 455.

General Department.

With reference to the Proceedings of Government, No. 641, dated 30th ultimo, I have the honor to forward, in the form received therewith, two Statements of charges and alterations sanctioned by the Madras Government during the months of July and August 1862.

2. These Returns had been prepared, in the first instance, in a different form to suit the requirements of this Office, and some delay has unavoidably taken place in re-casting them. Future Returns will, it is expected, be ready for submission immediately after the close of each month. But under the arrangement ordered by Government in their Proceedings above cited, the despatch of the Returns from this Office to the Deputy Auditor and Accountant General, for transmission to the Government of India, will necessarily be delayed beyond the date at which they would be forwarded if sent direct.

3. It will be observed that the Statements include the sanctions accorded by Government to establishments connected with Mr. Pelly's scheme also—these are admitted under a distinct Order of the Government of India ; but, as charges affecting the Budget grants, they should appear, I think, in the monthly Statement required to be rendered by this Office. The remarks will explain the nature of the entries.

No. 15. ORDER THEREON 8th October 1862, No. 707.

Ordered that the Statements received with the foregoing letter be forwarded to the Government of India, with the grounds of the local Government's sanction entered in an additional column.

2. It will be more convenient and prevent delay in the transmission of these Returns to the Financial Department of the Government of India, if they are furnished separately for each Department, with an additional *blank* column for the remarks of this Government.

3. For the reason stated in the 2nd para. of his letter, the Civil Paymaster may forward his Returns direct to the Government of India.

Chief Secretary.

available for duty at Buddalore, this Government, on the recommendation of the Lord Bishop and under the general authority conveyed in the late Court's Despatch of 11th August 1858, para 19, have permitted the Reverend A. F. Coeminerer to undertake the duty. His salary viz. Rupees 100 per mensem can be met from the savings in the Estimate for the Buddalore Chaplaincy.

3. To supply the want of Church accommodation for Members of the Church of England resident in Black Town, Madras, a place of worship has been recently erected in a central position of that Chaplaincy, of which it will now be the

the principal Church - and the establishment of the old Church in the District has, in consequence, been transferred to the new Church. As the Clergyman lately appointed, under the sanction of the Government of India, as an Assistant to the Chaplain, will officiate at the old Church, an establishment of smaller extent has been sanctioned by this Government, as reported in letter to the Government of India 12th Ultimo N^o 274.

4. In bringing to notice a gross instance of ignorance and cruelly improper treatment in a Native Midwifery case, resulting in the death of the mother and her infant the

the Magistrate of Buddapah suggested the adoption of measures for training up a class of Midwives for the District - and as the Principal Inspector General, Medical Department, supported the suggestion, this Government requested that he would, in communication with other Medical Officers, submit a detailed scheme for imparting a knowledge of European Medical Science to the native Medical Practitioners and Midwives in the Provinces.

Whatever plan may be suggested, it will be tried, in the first instance, on a limited scale, selecting two or three Districts where, as in Buddapah, the local officers, both Civil and Medical, have shown a practical interest

interest in the matter —

2. The Government subsequently learned that 14 candidates (Female students) had placed themselves under the tuition of the Native Surgeon at Buddapah in Midwifery - and that the result of the examination recently passed by them, as reported by the Zillah Surgeon, had been most satisfactory - and, as an encouragement to native females to pursue the study of this branch of the Medical profession, the Government have authorized, as recommended by the Principal Inspector General, and pending the scheme to be submitted by him, an allowance of, Rupees 3- 8 per month to

to each of the six most
advanced pupils until
they obtained certificates
of qualification.

* The charge on this
account for the remainder
of the current official
year will be passed as
advances against the
Savings in the Medical
Department, and provision
will be made for the same
in the Budget for 1863-64.

sanctioned by this Court:
on the 22nd Decr: 1858 & noticed
in para 8 of the enclosure
to their letter to the Govt. of
India of 22nd July last,
N^o. 239.

- 3— The extra establishment, con-
-sisting of 4 Gomastahs and
2 Attendants for the record
room of the Calicut Zillah
Court, was sanctioned by the
Government of India, under date
the 3rd July 1861 N^o. 8900, for a fur-
-ther period of two years. This sanc-
-tion would have expired in
November next - but the Sudder
Court brought it to notice that
the Gomastahs had destroyed
the records of 2 Moonsiffs Courts
for 20 years and those of another
Court for 13 years, but there still
Arrears of 2 Courts for 27 years each. remained
do — 1 do — 20 do. the arrears,
do — 1 do — 14 do. calculating
do — 3 do — 7 do. each. up to 1842,
(20 years back) as shown in
the margin. By the time they
could clear away these, they
would have to begin again
with the accumulations of
the 14 Moonsiffs Courts in this
Zillah, so as to leave at a time
only 20 years records standing.
The work being continuous, the
Sudder

- 55
Sudder Court recommended
the permanent employment
of these Gomastahs and At-
-tendants, and the Government
have accordingly, authorised
their being added to the fixed
establishment of the Court.
- 4— The establishment of Artificers em-
-ployed at Abercrombie's Battery
being far beyond the actual require-
-ments of the Department, it was re-
-duced to such an extent as to
effect a monthly saving of
Rupees 91. out of this amount, an
addition of 20 Rupees was made
to the salary of the Storekeeper
in the Central Office and
to that of his Assistant, on
account of their services
in the Department, as brought
to notice by the Chief
Engineer.
- 5— It having been deemed necessary
for the public health to close the
Burial Grounds within the town
of Madras and in its northern
suburbs, the new cemetery has
been opened for the interment
of Christians and Mahomedans
residing in those places, as ex-
-plained in the letter to the
Government of India, Home
Department, dated 12th September
1862 N^o. 275.
- 6— This is an alteration of the
office establishment within
the

the sanctioned amount, involv-
-ing a decrease of Rupees 3
per mensem. On the strong
recommendation of the Consult-
-ing Engineer in behalf of his
Uncovenanted Assistant, whose
services, it was represented,
were very valuable but who
had not only lost in a pecu-
-niary point of view but
had placed himself out of the
line of promotion by agreeing
to remain in the Railway De-
-partment, the Government
authorised his salary being
fixed at Rupees 350 per mensem.

7—The new Jail at Salem was
designed for 150 prisoners, and
an establishment of 12 warders
was accordingly allowed for it.
Lately the number of prisoners
in all the Madras Jails has
greatly increased, and in
July last there were 530 persons
confined in the Salem Jail.
An addition of eight warders
were sanctioned on emergency,
to provide for this large increase
in the number of prisoners.

8—This establishment was required
for lowering and hoisting the
ladders and tubs for preserving
order and protecting property
on the Pier, and for levying
the toll.

Mr. Farmer's former engagement terminated on the 30th April 1862. He has been re-employed for one year from 1st May in order to secure his services at the Pearl Fishery next year.

11

The employment of a Sweeper has been rendered necessary, in consequence of the Forest Office having recently been removed into a Public Building.

12.

The Subordinate Court of Madura having been abolished, a writer and a Gomastah were retained from its establishment, and placed under the Civil Judge to do the extra work which consequently devolved upon his office.

13.

This Establishment being exclusively for the conservancy

conservancy of the Wynad Forests authority has been granted for its cost being borne entirely by this Govt. It was formerly ordered that two-thirds of the cost should be disbursed by the Mysore Government under an erroneous impression that the Establishment was required for the Mysore Forests also.

14. As the Sub Magistrate for the Shevaroy Hills forms part of Mr. Pelly's Scheme of revised Revenue Establishments, it will be separately submitted for the sanction of the Government of India.

15. It was found necessary, owing to the state of the Civil files, to retain this Court beyond the period

61--
period fixed at first for its abolition. The sanction for its continuance extends only to the end of the year, and the High Court has been authorised to close it at any time prior to that date if the business will admit of it.

16. The Agents Office Establishment, as now revised, does not, it will be seen, entail any additional expense on the State.
