Read the following papers:—

No. 80. From THOMAS WILKINS, Esq., Acting Deputy Registrar of the Sudder Court; to the Honorable T. PYCROFT, Chief Secretary to Government, Fort Saint George, dated 12th April 1862, No. 54.

In reply to the Order of Government, dated the 2nd instant, No. 253, I am directed by the Judges to state that in their opinion no further reduction can be made in the Peons' establishment attached to the several Courts, the number having already been reduced by the Order of Government, dated the 6th August last, No. 408, to the lowest possible scale consistent with the position of the Civil and Subordinate Judges, and the duties required to be performed by the Peons; nor do they consider that a less salary can justly be assigned to any of the Peons, with reference to the enhanced rates now paid for domestic and other labor in this Presidency.

No. 81. From W. J. RAYNOR, Esq., Officiating Civil Paymaster; to A. J. ARBUTHNOT, Esq., Officiating Chief Secretary to Government, Fort Saint George, dated 4th June 1862, No. 261.

General Department.

With reference to the 4th para. of the Proceedings of Government, dated 2nd April last, No. 253, I have the honor to enclose replies from the various Officers on the subject adverted to therein.

2nd. With the exception of the Sheriff the whole of the authorities state that the services of the several classes of servants are absolutely necessary. The Sheriff considers that one Scavenger and one Sweeper of the Jail Establishment can be dispensed with.

3rd. The information requested in the 3rd para. of the above Proceedings will be furnished shortly. It is not yet, I regret to say, quite complete.

No. 82. From W. J. RAYNOR, Esq., Officiating Civil Paymaster; to the Honorable T. PYCROFT, Chief Secretary to Government, Fort Saint George, dated 19th September 1862, No. 456.

In continuation of my letter, No. 261 of the 4th June, and with reference to para. 3 of the Order of Government, No. 253, dated 2nd April last, I have the honor to enclose a comparative Table shewing the No. and Pay of servants of the class described in that Order employed in the Bengal and Madras Civil Courts.

2nd. With regard to the Bengal portion of the Statement, I beg to point out that the details have been taken from the Book of Establishments for that Presidency for 1859-60, the latest received in this Office, but which may probably since have undergone revision; while those for Madras extend to the present time.

3rd. I have not included servants of the description designated "Duftery,*" (*i. e.*, Moochee) Bheeshtie (Water carrier,) Mehter (Sweeper,) &c., because their duties are quite distinct from those of the class of servants coming properly under the denomination of Peons, &c., to which latter class the requisition contained in the Order of Government appears chiefly to refer.

* The term "*Dufterbund*" occurs only in one of the Bengal Civil Courts.

4th. I regret that the Statement is not in precisely the same abstract form as that adopted in para. 4 of the letter of the Government of India quoted in the Order above referred to, as the No. and cost of servants in the Bengal Courts vary very considerably; and I am not quite sure if it will meet the requirements of Government, but it has been made as complete as the means at the disposal of this Office would admit of.

(Signed) W. J. RAYNOR,
Officiating Civil Paymaster.

No. 83. Order thereon, 25th October 1862, No. 759.

In their letter of the 1st November 1861, No. 13,235, Financial Department, the Government of India, in noticing the reduction that had been effected in the Peon Establishments attached to the Courts in the Provinces of this Presidency, enquired with reference to the difference of Rupees 774-8 per mensem, between the scale sanctioned by the Government of Madras, and that sanctioned for Bengal and applied to Madras, whether further reduction in the Establishments in question was feasible; and they also requested that a further and complete report might be furnished, including the Presidency Offices and all the Departments in the Provinces, together with a Tabular Statement of the present and revised scales in the usual form.

2. A reference was made to the Judges of the Sudder Udalut on the first point, and from their reply above recorded, it appears that no further reduction can be made in the Peon Establishments employed in the several Courts, the number having already been reduced to the lowest possible scale, consistent with the position of the Civil and Subordinate Judges, and the duties required to be performed by the Peons; nor do the Judges consider that a less salary can justly be assigned to any of the Peons with reference to the enhanced rates now paid for domestic and other labor in this Presidency, in these conclusions this Government entirely concur.

3. With his letter of the 19th ultimo, the Civil Paymaster has forwarded a Table prepared in his Office showing the present scale and pay of servants of the classes attached to the Judicial Offices in Bengal, as compared with those entertained for the Courts under the Madras Government. The cost of these Establishments for Bengal is given at Rupees 2,456-2-10 per mensem—and that for Madras Rupees 2,152, but including Police Guards Rupees 1,513-9-4, the total cost will amount to Rupees 3,665-9-4 per mensem. A copy of this Statement will be submitted to the Government of India.

4. The Civil Paymaster has also furnished the information called for in para. 4 of the Order of Government, dated the 2nd April last, as to whether any reduction can be effected in the number of menial servants employed in the Civil Offices at the Presidency. From the replies of heads of Offices forwarded with Mr. Raynor's letter of the 4th June last, it appears that the several classes of servants are absolutely necessary, and that no reduction in their number is feasible, except as regards the Sheriff's Office, in which one Scavenger and one Sweeper of the Jail Establishment, it is stated, may be dispensed with. The Sheriff will be instructed to carry out this reduction at once.

5. The reduction in the Peon Establishments attached to Collectors and Magistrates will be shown in Mr. Pelly's general revision of the Revenue Establishments, and will form the subject of a separate and complete report to the Government of India, accompanied by a Tabular Statement of the present and revised scales in the usual form.

No. 84. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 25th October 1862, No. 760.

With reference to your predecessor's letter of the 1st November 1861, No. 13,235, I am directed by the Governor in Council to submit for the information of the Government of India a copy of the Proceedings of the Madras Government of this date and of the papers therein

Proceedings of the Madras Government, Financial Department,

recorded, and to state that after full consideration of the subject, this Government do not believe that any further reduction can be made in the Peon Establishments attached to the several Courts in the Provinces of this Presidency, the number having already been reduced to the lowest possible scale consistent with the requirements of the Civil and Subordinate Judges and the duties required to be performed by the Peons. The Government are likewise convinced that a less salary could not be assigned to any of the Peons so as to ensure faithful and efficient service with reference to the enhanced rates now paid for domestic and other labor.

2. With respect to the reduction effected in the Peon Establishments employed under Collectors and Magistrates, I am desired to state that the financial result of this measure will be shown in Mr. Pelly's general revision of the Revenue establishments, and will form the subject of a separate and complete report to the Government of India, accompanied by a Tabular Statement of the present and revised scales in the usual form.

3. It will be seen from the Civil Paymaster's report of the 4th June last, No. 261, that beyond one Scavenger and one Sweeper of the Jail establishment under the Sheriff of Madras, no further reduction is feasible in the number of menial servants attached to the several Public Offices at the Presidency.

Sir,

I have the honor to acknowledge the receipt of your letter No 179 dated 3 April & in reply to inform you that the workmen called "appliers" furnish the Pressmen with the sheets of paper requiring impression. The stamps must be impressed with considerable nicety and exactness & to enable the Pressmen to do this it is necessary that he should sit squarely before his press and have the papers supplied to him by another workman. I believe that with the presses at present in use the services of these "appliers" are indispensably necessary although it would perhaps be more correct to term these workmen "Press Feeders." This is the name given to similar workmen at the Mint.

Sir,

I regret that your letter of the 3d April should have remained so long unanswered, but having myself been absent & continually travelling since the 1st of that Month to the 31st Ultimo, your letter did not reach me till the close of April, and I then deferred my reply until I was able to furnish exact information.

2. I now do myself the honor to state that, the present number of Moochies so far from being in excess, is actually at present insufficient to perform the duties required of them. They are employed as noted in the margin & when I inform you that the number of sections turned out by the lithographic presses for last month is 638* (composing maps of 118 Villages) and that the number will each month for some time to

Proceedings of the Madras Government

Read the following papers:

From the Hy Deputy Register of the Sudder Court

(Dated 12th April, 1862. No 54)

From the Off.g Civil Paymaster

(Dated 4th June 1862 No 20
and 19th September 1856)

Order thereon. 25 October 1862 No 759.

In their letter of the 1st November, 1861 - No 3285 - the Govt of India, in noticing the reduction that had been effected in the Peon Establishments attached to the Courts in the Provinces of this Presidency, enquired with reference to the difference of Rupees 774-8-0 per annum between the scale sanctioned by the Government of Madras and that sanctioned for

for Bengal and applied to Madras, whether further reduction in the Establishments in question was feasible, and they also requested that a further and complete Report might be furnished, including the Residency Offices and all the Departments in the Provinces, together with a Tabular Statement of the present and revised Scales in the usual form.

2. A reference was made to the Judges of the Sudder Adalut on the first point and from their reply above recorded it appears that no further reduction can be made in the Establishments employed by the several Courts, the number having already been reduced to the lowest possible Scale consistent with the position of the Civil and Subordinate Judges and the duties required

to be performed by them nor do the Judges consider that a lower Salary can justly be assigned to any of the Posts with reference to the enhanced rates now paid for domestic and other Labor in the Presidency. In their correction
3 With his letter of the 19th Ultimo, the Civil Paymaster has forwarded a table prepared in his Office showing the present Scale and pay of the Establishments of the Classes attached to the Judicial Offices in Bengal, as compared with those entertained for the Courts under the Madras Government. The cost of these Establishments for Bengal is given at Rs. 2,456-2-10 per mensem - and that for Madras Rs. 2,152, but including Police Guards Rs. 1,513-9-4, the total cost will amount to Rs. 3,665-9-4 per mensem. A copy of this Statement will

will be submitted to the Government of India.

4. The Civil Paymaster has also furnished the information called for in para 4 of the Order of G.O. dated the 3rd April last, as to whether any reduction can be effected in the number of menial servants employed in the Civil Offices at the Presidency. From the replies of Heads of Offices forwarded with the Paymaster's letter of the 4th June last, it appears that the several classes of servants are absolutely necessary, and that no reduction in their number is feasible, except as regards the Sheriff's Office, in which one Seavenger and one Sweeper of the Jail Establishment, it is stated, may be dispensed with. The Sheriff will be instructed to carry out this reduction at once.

5. The reduction in the

the Peon establishments attached to Collectors & Magistrates will be shown in Mr Pelly's general revision of the Revenue establishments, and will form the subject of a separate & complete report to the Government of India, accompanied by a Tabular Statement of the present & revised rates in the usual form.
