*Proceedings of the Madras Government, Financial Department,
4th December 1862.*

No. 18. Read the following Budget Estimate of the Barrack Master for the year ending 30th April 1864, dated 15th November 1862.

No. 19. ORDER THEREON, 4th December 1862, No. 852.

The Governor in Council requests that the Barrack Master will submit a full explanation in regard to the first and two last charges entered in the foregoing Estimate. It is observed that the actual expenditure incurred in repairing Blinds, Mats and Punkahs for Government House at Madras during the year 1861-62, amounted to Rupees 2,501, the expenditure under the same head for the current official year was estimated at Rupees 2,500, and in the Estimate now under notice, the large sum of Rupees 3,300 is provided for the year 1863-64. In explaining his reasons for entering this large amount, Colonel Worster will state what is the actual sum expended during the present official year up to this time. The charges for providing Blinds and Punkahs to the new General Hospital should have been submitted in a detailed form for the sanction of Government before being included in the Barrack Master's Budget. Colonel Worster will supply this omission and will re-submit his Budget with the explanation now called for, and with such corrections as he may find necessary, not later than the 10th instant.
