*Proceedings of the Madras Government, Financial Department,*
*23rd March* 1863.

No. 73. Read the following Extract from a letter from the Secretary to the Government of India, Financial Department; to the Secretary to Government of Punjab, No. 574, dated the 24th February 1863.

7. The President in Council desires me to express a hope that future applications for pension from the Punjab, may be submitted in a less imperfect form. Cases, His Honor observes, should come up to the Government of India, complete in all details, so that orders may be passed without any necessity arising for that call for further information which is now the almost invariable preliminary. It is essential to this end that the local Governments, in close, and if necessary, repeated communication with the Civil Paymaster of the Province and their own administrative subordinates, should scrutinize a claim through all its windings and thus obtain assurance that on all points, where, with reference to the requirements of the Pension Rules, any doubt may be possible, the best sources shall have been ransacked for all available information, before the orders of the Supreme Government are solicited.

(True Extract.)

Communicated to the Civil Pension Department and the Civil Paymaster.
