Proceedings of the Madras Government, Financial Department, 12*th December* 1863.

No. 50. Read the following Extract from the Proceedings of the Government of India, in the Financial Department, dated 16th October 1863, No. 5153.

Read letter, No. 379, dated 10th June 1863, from the Government of Madras, submitting the Budget Estimate of local funds, for the year 1863-64.

Resolution.—The Honorable the President in Council is pleased to accept the estimate of receipts and disbursements on account of the several local funds named in the Budget, with the remark that, after 1st May 1864, the "Educational Building Fund" will, under a recent ruling of this Department, no longer be included in local funds. The Government will, in future, be prepared to grant, from year to year, the full amount that may be required for Educational buildings. The grants will be made under the head Education, Science, and Art, and the necessary transfers made afterwards to place the Public Works Department, which will execute the work, in funds. There will be no change this year.

2. The estimated receipts from "Ferry Funds, &c.," fall short of the estimated expenditure by Rupees 38,689, and it is explained that this deficit will be met from the balance remaining to their credit on the 30th April 1863.

3. It is observed that under "Ferry Funds," on the receipt side of the Budget, are included three altogether *distinct* Funds, viz., "District Conservancy," "Jungle Conservancy," and "Pound" Funds. Explanation of this is required.

4. The Budget is not in sufficient detail, and is nothing more than an Abstract Statement of receipts and disbursements on account of the several funds. It ought to be submitted along with the estimate of charges on account of Public Works executed out of local funds.
