No. 592.

FORT WILLIAM, FINANCIAL DEPARTMENT, THE 2ND FEBRUARY 1864.

RESOLUTION.

The Governor General in Council observes that under Section 16 of the General Police Act, Act V of 1861, and under Section 15 of the Madras Police Act, Act XXIV of 1859, certain Police charges authorized under preceding Sections of those two laws, shall be credited to a fund to be called the General Police Fund, and shall be applied to the maintenance of the Police, under such orders as the Local Government shall pass.

2. Under this arrangement, which was introduced before the Budget system had been properly established, a fund has been created for general Police purposes throughout the country, insignificant in proportion to the cost of the Police Department, and of no practical benefit inasmuch as the Budget system admits of provision under every head of charge to the fullest extent; while, at the same time, an exception is maintained to the important financial principle that the entire receipts and charges under each particular head should be shown in the annual Budget Estimate without deduction.

3. His Excellency the Governor General in Council accordingly suggests to the several Local Governments that the monies leviable under Sections 13, 14 and 15 of Act V of 1861, and under the corresponding Sections of Act XXIV of 1859, be paid, as they accrue, to Police receipts, the entire cost of the Police force being provided for in the Budget Estimate.

4. The Government of Bengal has already issued instructions for thus dealing with the General Police Fund, and is preparing the Police Budget of the Province in conformity with these principles.
