Proceedings of the Madras Government, Financial Department, 16th March 1864.

No. 47. Read the following letter from Lieutenant Colonel J. CARPENDALE, R. E., Mint Master; to the Chief Secretary to Government, Fort Saint George, dated Mint, 8th March 1864, No. 489.

According to the Orders of the Government of India in the Financial Department, dated the 6th May 1859, remuneration for 3½ hours extra work performed by the Mint Establishment is allowed to be calculated at the rate of 40 per cent. for salaries from 200 Rupees and below. But as the work during the month of January last was carried on from 5 o'clock in the morning to 7½ at night, in order to meet the very heavy demand for Silver coin, thus making 5½ extra hours' work in each day, I have the honor to request that the Civil Paymaster may be authorized to pass the enclosed Bills which are calculated at the rate of 60 per cent. which I must say is by no means too much to be paid for the extra labor.

2. The Orders of the Government of India do not, it is true, provide for more than 40 per cent. being paid as extra remuneration, but as a reduction is required to be made when the extra time is short of 3½ hours; it is, I think, a fair inference that the same principle should apply when the establishment is employed more than 3½ hours extra time.

No. 48. ORDER THEREON, 16th March 1864, No. 177.

Under the circumstances of the case and concurring in the view expressed in the 2nd paragraph of the foregoing letter, His Excellency the Governor in Council authorizes the Civil Paymaster to pass the charges incurred in the Mint on account of the Silver and Copper coinage for extra work for 22 days in the month of January last, amounting to Rupees (1143-7-2) one thousand, one hundred and forty-three, Annas seven, and Pice two, subject to deductions on account of Income Tax.
