Proceedings of the Madras Government, Financial Department,
19th April 1864.

No. 42. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 19th April 1864, No. 224.

Adverting to the Resolutions of the Government of India, noted in the margin, I am directed by His Excellency the Governor in Council to transmit a copy of the Civil Paymaster's Report* on a reference made to him as to whether the amount of salary, Rupees 4817-3-3, passed to Mr. G. Ellis, Civil Judge of Cuddalore, in May 1863, for the period he was absent on privilege leave, could not be met from savings in the Budget for the current year. Mr. Lodwick states that there are savings in the salary of Mr. Goldie, Civil Judge of Tinnevelly, arising from his absence on leave to Europe in 1863-64, amounting to Rupees 9106, but that these cannot be applied towards the amount disbursed to Mr. Ellis, except *under the sanction of the Government of India*, on the ground that the savings of a gazetted appointment are thereby affected.

Dated 18th September 1861, No. 12,262, and 30th September 1862, No. 519A, Financial Department.

* Proceedings 12th April 1864, No. 499.

2. The Governor in Council does not concur in the Civil Paymaster's opinion as to the necessity of the sanction of the Government of India to the proposed appropriation of the saving from Mr. Goldie's salary; and he deprecates any restrictions of the nature referred to being placed on the local Government, as calculated to cause delay in the adjustment of such charges, and unnecessary references to the Supreme Government in matters of detail which should be left entirely to this Government. It will be observed that *both offices are gazetted appointments* under the same head of service, "F. III Law and Justice," and the Governor in Council cannot therefore understand what objection there can be to the appropriation of the savings in the manner proposed.

3. I am to take this opportunity to enquire whether the Orders of the Government of India above adverted to have not been superseded by their Resolution of the 7th November last, No. 5121. That Resolution places no restriction on the appropriation of savings effected under one minor head towards deficiencies under another. It is to the effect that "in the event of "a deficiency occurring, it should be met, 1stly, by transfer of a surplus, *under authority of* "*the Local Government*, from some other minor head of the same category, &c."
