No. 35. Read the following letter from J. L. LUSHINGTON, Esq., Acting Deputy Auditor and Accountant General; to the Chief Secretary to Government, Fort Saint George, dated 6th May 1864, No. 8.

Budget and Finance Department.

I have the honor to bring to the notice of Government that the cost* of the Medical establishments at Jeypore and Russelcondah, sanctioned in the Orders of Government noted in the margin, were included in an extract from the Medical Budget for 1864-65, forwarded by the Principal Inspector General, Medical Department, to the Inspector General of Mofussil Police, for inclusion in the Police Budget. The latter officer has omitted the charges in the Police Budget, agreeably to the Proceedings of Government in the Financial Department, No. 345, dated 23rd May last, which directed that the charges for 1863-64 should be passed from savings under "F II, Salaries and Expenses of Public Departments." There is consequently no provision for the above charges in any Budget for the current year. I request therefore that the Civil Paymaster be directed to pass the same against the sum of Rupees 4999, estimated under F II, minor head "Medical," item Chemical Examiner, this provision not being required, as the charges on account of the Chemical Examiner are debitable to "F V, Education, Science and Art."

* Rupees 3088.

11th December 1862, No. 2023.
19th ,, ,, 2067.

2. It is also requested that the above-mentioned savings may be held available to meet the sum of Rupees 1200, being the allowance to the 1st Class Commissary in charge of the Stationery Depôt, sanctioned in the Order of Government, No. 1097, dated 4th April 1864, Military Department.

3. With reference to the 1st paragraph of this letter, I beg to remark that provision is required under "F V, Education, Science and Art," for a portion of the charges on account of the Chemical Examiner, viz., the Regimental allowances of Dr. Wyndowe, amounting to Rupees 2709 per annum. I would suggest that for the present this amount be met from the provision of Rupees 45,000 on account of purchase of School books, and that the Director of Public Instruction be requested, in the event of the balance Rupees 42,291 not being sufficient for the above purpose, to apply to this office at the close of the year for the amount now withheld, when this office may be able to point out some other savings: or, failing in this, apply for an additional grant. Out of Rupees 45,000, estimated for 1863-64, the actuals for 11 months up to March amount only to Rupees 28,006.

4. The above proposals have been made to avoid a transfer of grant from one major head of service to another, which cannot be effected without the previous sanction of the Government of India.

No. 36. ORDER THEREON, 16th May 1864, No. 265.

Resolved that a copy of the foregoing letter be furnished to the Civil Paymaster and that he be authorized to pass the cost of the Medical establishment at Jeypore and Russelcondah, amounting to Rupees 3088, against the sum of Rupees 4999 estimated on account of the "Chemical Examiner" under F II, minor head "Medical" in the Budget for the current year.

2. The above-mentioned savings will, as proposed by the Deputy Auditor and Accountant General, be also made available to meet the charge of Rupees 1200 on account of the allowance to the 1st Class Commissary in charge of the Stationery Depôt.

3. The Governor in Council directs that, as suggested by Mr. Lushington, the sum of Rupees 2709, being the Regimental allowances of Dr. Wyndowe, the Chemical Examiner, be met for the present from the provision of Rupees 45,000 for the purchase of School books entered under "F V, Education, Science and Art." Should the balance prove insufficient for the

above purpose, the Director of Public Instruction will, at the close of the year, bring the circumstance to the notice of the Deputy Auditor and Accountant General, who will arrange for the deficiency being supplied.
