Sir

I have the honor to report, for the information of the Secretary of State for India in Council, that I have this day carefully examined W. C. Finn Esqr, of the Madras Civil Service.

Mr Finn in 1858 suffered from an ardent fever of the hot season, with determination of blood to the head, followed by impairment of the sense of hearing. This privation has increased annually, while fever has occurred both while in England, and latterly while in Italy.

Under these circumstances, and that under the heats of India deafness would become incurable & complete, I beg leave to recommend that Mr Finn be permitted to retire from the service

I have the honor to be
