Proceedings of the Madras Government, Financial Department,
18th June 1864.

No. 33. Read the following letter from E. H. LUSHINGTON, Esq., Secretary to the Government of India ; to the Chief Secretary to the Government of Madras, dated Simla, 26th May 1864, No. 385.

I am directed to acknowledge the receipt of your letter, No. 206 of the 9th April 1864, submitting, with the recommendation of the Government of Madras, an application for increase of salary from Dr. Graham, the Assistant Assay Master at Madras, in which he represents that the "daily work at the Madras Mint is, in consequence of the different system which obtains, consi-"derably in excess of that in Calcutta."

2. In reply I am desired to state that His Excellency the Governor General in Council sees no reason to comply with the application, and requests an explanation of Dr. Graham's remark above quoted, it not being clear how, with two officers each in the Assay offices of Calcutta and Madras, the work should press much more heavily on the officers who have much the smaller amount of work.

No. 34. ORDER THEREON, 18th June 1864, No. 318.

Ordered that the foregoing letter be communicated to the Assay Master, with reference to the application submitted with his letter of the 8th March last, No. 328, and that he be requested to furnish such explanation as he may be able to afford respecting Dr. Graham's remark quoted by the Government of India.
