With reference to the Order of Government, No. 300 of the 4th June 1864, communicating a Despatch from the Right Honorable the Secretary of State for India, I have the honor to state that of the 1200 tons of copper indented for on the 20th January 1863, only 500 tons were sanctioned to be supplied ; and by a Despatch of the 24th July 1863, such quantity as might be wanted in the beginning of 1864 was then to be indented for ; the quantity required at the time of the preparation of the Indent for this year was 1000 tons, viz., 500 for Half Annas and 500 for Quarter Annas ; and as only 500 tons had been supplied out of the 1200 demanded in January 1863, 700 tons was shown to be due on former Indent.

Despatch No. 15 of 30th March 1863, communicated in G. O., No. 315, 5th May 1863.

2. In addition therefore to 300 tons of Slips $5' \times 2\frac{1}{2}'' \times \frac{1}{16}''$, 200 tons more of the same is required and 500 tons of Slips $5' \times 2\frac{1}{4}'' \times \frac{1}{12}''$.

2. I regret to find that certain quantities of Leather Bands were by a clerical error entered in the column of " Articles due," instead of under that headed " Balance in store ;" the quantities of these articles indented for in February 1864 is still required.
