Proceedings of the Madras Government, Financial Department,
17th August 1864.

No. 42. Read the following letter from the Honorable R. S. ELLIS, C. B., President, Sanitary Commission; to J. D. SIM, Esq., for Chief Secretary to Government, Fort Saint George, dated Madras, 11th August 1864, No. 258.

I have the honor to report that I am about to commence a tour of inspection which will include Bangalore, the stations in the Neilgherry Hills and the Western Coast, and Trichinopoly, and I am anxious that the Secretary to the Sanitary Commission, Dr. Montgomery, should accompany me on this tour.

2. The assistance of this officer, more especially in all that regards medical questions which will come under notice and discussion during my inspection, is most necessary to me, and I have therefore the honor to request that Dr. Montgomery may be relieved from his temporary duty at the Assay Office from the 1st of September next.

3. The whole of the work of the Assay Office has frequently been performed by a single officer before now (when the Assay Master or his Assistants have been on leave), and should any emergent occasion arise for the presence of Dr. Montgomery he will be able, within a period of two or three days, to be present at Madras if required.

4. I would, however, respectfully point out to the Government that it will be desirable to make, as soon as convenient, some permanent arrangement for supplying the vacancy caused in the Assistant Assay Mastership by the removal of Dr. Graham to Calcutta, as it will prove hereafter a serious inconvenience if the Secretary to the Sanitary Commission should be required to officiate as at present in the Assay Office.

No. 43. ORDER THEREON 17th August 1864, No. 421.

Dr. Montgomery will be relieved from his duties as Officiating Assistant Assay Master at Madras from the 1st September next.
